About Blade

Blade is a technology-powered, global air mobility platform committed to reducing travel friction by providing cost-effective air transportation alternatives to some of the most congested ground routes in the U.S. and abroad. Today, the Company predominantly uses helicopters and amphibious aircraft for its passenger routes and is also one of the largest air medical transporters of human organs for transplant in the world. Its asset-light model, coupled with its exclusive passenger terminal infrastructure, is designed to facilitate a seamless transition to Electric Vertical Aircraft (“EVA” or “eVTOL”), enabling lower cost air mobility to the public that is both quiet and emission-free.
