## Aqua Metals Announces 2019 Annual Meeting of Stockholders

MCCARRAN, Nev., Feb. 22, 2019 (GLOBE NEWSWIRE) -- Aqua Metals, Inc. (NASDAQ: AQMS), ("Aqua Metals" or the "Company"), which is commercializing its proprietary AquaRefining™ electrochemical lead recycling, today announced that it will hold its 2019 annual meeting of stockholders on Wednesday, March 27, 2019 at 8:00 a.m., local time, at the Peppermill Reno, 2707 South Virginia Street, Reno, NV 89502 on the 17th Floor, Room 1748. Holders of record as of the close of business on March 1, 2019 will be entitled to vote at the meeting. For those planning to attend in person please RSVP to Carly Frye at [carly.frye@aquametals.com](mailto:carly.frye@aquametals.com).

Before the business portion of the meeting, Aqua Metals will present a corporate overview which will be available via a live webcast on the Investor Relations section of Aqua Metals' website, <https://ir.aquametals.com/ir-calendar>. The webcast is anticipated to begin at approximately 8:15 a.m. PST (11:15 a.m. EST) and will be archived for replay.

### About Aqua Metals

Aqua Metals, Inc. (NASDAQ:AQMS) is reinventing lead recycling with its patented AquaRefining™ technology. Unlike smelting, AquaRefining is a room temperature, water-based process that emits less pollution. The modular systems are intended to allow the Company to vastly reduce environmental impact and scale lead acid recycling production capacity by licensing the AquaRefining technology to partners. This would meet growing demand for lead to power new applications including stop/start automobile batteries which complement the vehicle's main battery, Internet data centers, alternative energy applications including solar, wind, and grid scale storage. Aqua Metals is based in McCarran, NV, and has built its first recycling facility in Nevada's Tahoe Reno Industrial Complex.
