Ingram Micro Cloud Executive Earns Spot on ChannelPro-SMB's 2015 Most Influential Channel Leaders List

Jason Bystrak Recognized for Industry Innovation and Growth

SANTA ANA, CA -- (Marketwired) -- 05/27/15 -- [Ingram Micro Inc.](#) (NYSE: IM) today announced that Jason Bystrak, Executive Director, North America, Ingram Micro Cloud, has been named to *ChannelPro-SMB's* elite list of 20/20 Visionaries for 2015. The program honors 20 of the top influencers and sought authorities from the vendor, analyst and consulting communities, in addition to 20 of the most industry-forward resellers and MSPs from the SMB partner community.

The selection process identified and vetted IT professionals who have not only delivered the best services and solutions to their SMB clients and channel partners, but have also helped drive advancement within the channel community with new industry ideas, commitment to continual improvement, and a demonstrated willingness to help others thrive in the market.

Since joining Ingram Micro in 1995, Bystrak has played a pivotal role in identifying and deploying innovative go-to-market strategies to enable and accelerate channel partner success, spur new business opportunities, and increase profitability. He is recognized as a leading authority on profiting from cloud solutions and actively anticipating the ever-changing cloud market landscape.

"I'm honored to be included with such a prestigious group of channel professionals and industry leaders," said Bystrak. "There's never been a better time to be part of the cloud services industry and I look forward to continue helping Ingram Micro channel partners grow and transform their business in the cloud."

To develop the 20/20 Visionaries for 2015, the editors of *ChannelPro-SMB* looked to the channel players and channel pros they have spoken with, listened to and sat with face-to-face over the past year to compile a comprehensive list of possible honorees.

"Many of the names on our list of 2015 20/20 Visionaries are well known in the SMB channel, and others are less so," said Cecilia Galvin, executive editor, *ChannelPro-SMB*. "What they have in common, though, is a deep understanding of where the industry is headed and how to thrive in it."

"We're extremely proud that Jason has earned this recognition from *ChannelPro-SMB*," said Renee Bergeron, Vice President Cloud Computing, Ingram Micro Cloud. "Over the years, Jason has worked hard to help grow and refine our cloud business, and this recognition is a testament to his passion and dedication towards recognizing and meeting the needs of our channel."

A full list of the ChannelPro 20/20 Visionaries for 2015 appears in the May print edition of *ChannelPro-SMB* as well as on the ChannelPro Network website at www.channelpronetwork.com/visionaries.
