Photo of Herbalife's Newly Renovated California Manufacturing Facility Available on Business Wire's Website and AP PhotoExpress

Photo of Herbalife's newly renovated California manufacturing facility available on Business Wire's Website and AP PhotoExpress.

Quality control manager Prashant Ingle demonstrates to Herbalife Chairman and CEO Michael O. Johnson (on left) the company's new Nuclear Magnetic Resonance instrument that tests ingredients for identity and purity at a molecular level. The machine is used in the company's newly-renovated Herbalife Innovation and Manufacturing facility in Lake Forest, Calif. that manufactures products for its North America and international markets. The company held a ribbon cutting ceremony today. This facility employs 98 people, part of the 1,300 in the greater Los Angeles area employed by Herbalife. (Photo: Michael Dorman/Herbalife)
