Construction Partners, Inc. Announces Fourth Quarter and Fiscal Year End 2018 Results

*Reports Record Fiscal Year Revenue, Net Income and Adjusted EBITDA
Provides FY 2019 Outlook*

DOTHAN, Ala., Dec. 10, 2018 (GLOBE NEWSWIRE) -- Construction Partners, Inc. (NASDAQ: ROAD) (the "Company"), a vertically integrated civil infrastructure company specializing in the construction and maintenance of roadways across five southeastern states, today reported financial and operating results for its fourth quarter and fiscal year ended September 30, 2018.

Fiscal Year 2018 Highlights Compared to Fiscal Year 2017

- Revenue was \$680.1 million, up 20%
- Gross profit was \$99.5 million, up 9%
- Net income was \$50.8 million, up 95%
- Earnings per share was \$1.11, up 76%
- Adjusted EBITDA⁽¹⁾ was \$75.5 million, up 9%
- Backlog was \$594 million at September 30, 2018

Charles E. Owens, the Company's President and Chief Executive Officer, stated, "We are extremely pleased to have met our outlook expectations for the fiscal year and achieved record annual revenue, net income and adjusted EBITDA results. During fiscal year 2018, we added approximately \$51 million in revenue attributable to acquisitions and greenfield expansions that, combined with organic growth, led to 20% revenue growth on a consolidated basis in fiscal year 2018.

"In 2019, we will continue to execute on our proven strategy of delivering controlled, profitable growth. This strategy starts with our company culture, driven by great people," continued Owens. "We believe that our leadership team and workforce are the best in the business and enable us to drive growth. The rapidly growing southeastern states in which we operate have been proactively raising their funding for road projects, increasing demand for our services. In addition, we continue to evaluate potential opportunities for acquisitions in our highly fragmented market areas."

⁽¹⁾ Adjusted EBITDA is a financial measure not presented in accordance with generally accepted accounting principles ("GAAP"). Please see "Reconciliation of Non-GAAP Financial Measures" at the end of this news release.

Fiscal Year 2019 Outlook

The Company also announced its outlook for fiscal year 2019 with regard to revenue, net income and Adjusted EBITDA, as follows:

- Revenue of \$760.0 million to \$810.0 million, compared to \$680.1 million actual in FY 2018
- Net income of \$38.0 million to \$43.0 million, compared to \$50.8 million actual in FY 2018 (which actual FY 2018 net income includes the positive after-tax impact of \$10.6 million from a third-party settlement recorded in the second quarter)
- Adjusted EBITDA ⁽¹⁾ of \$85.0 million to \$91.5 million, compared to \$75.5 million actual in FY 2018

The fiscal year 2019 outlook does not take into account any future acquisitions or greenfield expansions that may occur during the year. The outlook also does not include the potential impact of any new federal or state infrastructure or highway-related legislation that could be passed in 2019.

Ned N. Fleming, III, the Company's Executive Chairman, stated, "Our outlook for fiscal year 2019 reflects our confidence in our proven strategy to generate annual revenue growth in single to low double digits, while maintaining double-digit adjusted EBITDA margins. We believe that the Company represents a compelling investment based on our strong track record of results and vertically integrated operations."

Reconciliation of Non-GAAP Financial Measures

Adjusted EBITDA represents net income before (i) interest expense, net, (ii) provision for income taxes, (iii) depreciation, depletion and amortization, (iv) equity-based compensation expense, (v) loss on extinguishment of debt and (vi) certain management fees and

expenses, and excludes income recognized in connection with a legal settlement between certain of the Company's subsidiaries and a third party that did not directly relate to the Company's business and that has not, and is not expected to, recur. Adjusted EBITDA Margin represents Adjusted EBITDA as a percentage of revenues for each period. These metrics are supplemental measures of our operating performance that are neither required by, nor presented in accordance with, GAAP. These measures should not be considered as an alternative to net income or any other performance measure derived in accordance with GAAP as an indicator of our operating performance. Management uses Adjusted EBITDA and Adjusted EBITDA Margin as key performance indicators, and we believe they are measures frequently used by securities analysts, investors and other parties to evaluate companies in our industry. These measures have limitations as analytical tools and should not be considered in isolation or as substitutes for analysis of our results as reported under GAAP.

Our calculation of Adjusted EBITDA and Adjusted EBITDA Margin may not be comparable to similarly named measures reported by other companies. Potential differences may include differences in capital structures, tax positions and the age and book depreciation of intangible and tangible assets.

The following tables present a reconciliation of net income, the most directly comparable measure calculated in accordance with GAAP, to Adjusted EBITDA, and the calculation of Adjusted EBITDA Margin for each of the periods presented:
