# Volcon, Inc. Announces Pricing of \$12.0 Million Underwritten Public Offering

**AUSTIN, TX / [ACCESS Newswire](#) / February 5, 2025** /Volcon, Inc. (NASDAQ:VLCN) (the "Company"), the first all-electric, off-road powersports company, today announced the pricing of a firm commitment underwritten public offering with gross proceeds to the Company expected to be approximately \$12.0 million, before deducting underwriting fees and other offering expenses payable by the Company.

The offering consists of 6,000,000 Common Units (or Pre-Funded Units), each consisting of (i) one (1) share of Common Stock or Pre-Funded Warrant and (ii) one (1) Registered Common Warrant to purchase one (1) share of Common Stock per warrant at an exercise price of \$2.00. The public offering price per Common Unit is \$2.00 (or \$1.99999 for each Pre-Funded Unit, which is equal to the public offering price per Common Unit to be sold in the offering minus an exercise price of \$0.00001 per Pre-Funded Warrant). The Pre-Funded Warrants will be immediately exercisable and may be exercised at any time until exercised in full. For each Pre-Funded Unit sold in the offering, the number of Common Units in the offering will be decreased on a one-for-one basis. The initial exercise price of each Common Warrant is \$2.00 per share of Common Stock. The Common Warrants are exercisable immediately and expire 60 months after the initial issuance date.

Aggregate gross proceeds to the Company are expected to be \$12.0 million. The transaction is expected to close on or about February 6, 2025, subject to the satisfaction of customary closing conditions. The Company expects to use the net proceeds from the offering, together with its existing cash, for general corporate purposes and working capital. As previously disclosed, the Company announced the sale of 1,831,558 shares of Common Stock pursuant to its At-The-Market Issuance Sales Agreement with Aegis for gross proceeds of approximately \$9.47 million. Assuming closing of the Offering and exercise of any Pre-Funded Warrants, the Company would have approximately 8,475,607 shares of Common Stock outstanding at completion of the Offering.

### **About Volcon, Inc.**

Based in the Austin, Texas area, Volcon was founded as the first all-electric power sports company producing high-quality and sustainable electric vehicles for the outdoor community. Volcon electric vehicles are the future of off-roading, not only because of their environmental benefits but also because of their near-silent operation, which allows for a more immersive outdoor experience.

Volcon's vehicle roadmap includes both motorcycles and UTVs. Its first product, the innovative Grunt, began shipping to customers in late 2021 and combines a fat-tired physique with high-torque electric power and a near-silent drive train. The Volcon Grunt EVO, an evolution of the original Grunt with a belt drive, an improved suspension, and seat, began shipping to customers in October 2023. The Brat is Volcon's first foray into the wildly popular eBike market for both on-road and off-road riding and is currently being delivered to dealers across North America. In 2024, Volcon entered the rapidly expanding LUV and UTV market and shipped its first production MN1 unit in October 2024. The new MN1 and HF1 products empower the driver to explore the outdoors in a new and unique way that gas-powered units cannot. They offer the same thrilling performance of a standard LUV / UTV without the noise (or pollution), allowing the driver to explore the outdoors with all their senses.
