# Actelis Networks Secures New Order to Modernize Major Nordic Municipality's Communication Infrastructure

## Strategic Order for Leading Nordic Smart City Expands Actelis' European Footprint

FREMONT, Calif. , April 21, 2025 (GLOBE NEWSWIRE) -- Actelis Networks, Inc. (NASDAQ: ASNS) ("Actelis" or the "Company"), a market leader in cyber-hardened, rapid deployment networking solutions for IoT and broadband applications, today announced it has secured a new order to help modernize the communications infrastructure for a major city in the Nordic region.

Actelis is collaborating with a leading European traffic technology and intelligent transportation systems provider on this order. Through this strategic partnership, Actelis will supply advanced hybrid-fiber networking solutions to enhance connectivity across municipal systems in the second largest city of a prominent Nordic country. This municipality, home to over three hundred thousand residents and part of a metropolitan area exceeding 1.5 million inhabitants, has established itself as a leader in smart city initiatives focused on creating more efficient, sustainable urban infrastructure.

"We're proud to support this innovative Nordic city's infrastructure modernization initiatives," said Tuvia Barlev, Chairman and CEO of Actelis. "Our technology will help rapidly enhance communications capabilities while providing the security and reliability essential for smart city operations in one of Europe's most technologically advanced regions."

Actelis' hybrid-fiber networking solutions enable municipalities to achieve fiber-grade performance while leveraging existing infrastructure, significantly reducing deployment time and costs compared to traditional fiber installation methods. The company's cyber-hardened technology is engineered to withstand challenging environments while providing military-grade security protection for critical urban systems.

The order continues Actelis' growing momentum in the European market, following recent deployments in Germany, Italy, Hungary, and the United Kingdom. The company's expanding European footprint reflects the unique advantages of its technology in enabling smart city initiatives and infrastructure modernization with immediate, cost-effective solutions.

### **About Actelis Networks, Inc.**

Actelis Networks, Inc. (NASDAQ: ASNS) is a market leader in hybrid fiber-copper, cyber-hardened networking solutions for rapid deployment in wide-area IoT applications, including

government, ITS, military, utility, rail, telecom, and campus networks. Actelis' innovative portfolio offers fiber-grade performance with the flexibility and cost-efficiency of hybrid fiber-copper networks. Through its "Cyber Aware Networking" initiative, Actelis also provides AI-based cyber monitoring and protection for all edge devices, enhancing network security and resilience.
