Great Stirrup Cay | Escape To The Great Life

From cliff jumps and jet karts to swim-up bars and splash zones, the expansion of the island's offerings is designed to elevate every guest's experience – adults and kids alike – with more freedom, more flexibility and more ways for them to discover "The Great Life!" at Great Stirrup Cay.

"Great Stirrup Cay has always been an amazing part of the Norwegian Cruise Line guest experience and continues to be one of our highest rated destinations," said David J. Herrera, president of Norwegian Cruise Line. "At 270 acres our private island provides us with an incredible blueprint to reinvent what guests can experience when they escape to 'The Great Life' with us. This new waterpark is an outstanding addition to our recent announcement about other amazing new amenities on the island soon to debut. With each phase of our enhancements, we're bringing ashore more of what our guests love about sailing with NCL. Whether you want to relax by the huge new heated pool – complete with multiple swim up bars, are looking forward to racing down one of the 19 waterslides with your kids at Great Tides Waterpark, or just want to enjoy the ocean breeze from one of the hammocks at Hammock Bay, Great Stirrup Cay will soon boast even more ways to escape to YOUR 'great life' for a memorable vacation on and off the ship. I am thrilled to welcome our guests to the greatest private island in the Caribbean!"

BIG SPLASH, BIGGER ESCAPE: GREAT TIDES WATERPARK WILL DELIVER INDUSTRY FIRST EXPERIENCES WITH ADRENALINE-BOOSTING AND LAID-BACK ADVENTURES

Anchored by 19 waterslides – from adrenaline-boosting to laid-back adventure – a nearly 800-foot dynamic river, the 9,000-square-foot splash zone for kids, and the industry's first cliffside jumps, Great Tides Waterpark will deliver guests MORE to do and MORE to enjoy.

At 170-feet, the unmissable **Tidal Tower** will be home to eight thrilling waterslides, including the two tallest slides of the tower where guests can experience splashing drops and thrilling climbs on an inner tube for an exhilarating ride. Additional slides include racing slides where guests can speed to the finish line on a mat, tube slides which features large spirals and spins that send guests in a whole other direction as they shoot down in a burst of excitement, as well as exciting body slides. To make it even easier to enjoy, select slides will include convenient conveyer belts to lift the rafts to the top of the tower, eliminating the tedious task of guests carrying them up on their own.

Families and adventure seekers will be able to let loose at **Cliffside Cove** with racer slides, two different cliff jumps standing at 10 and 15 feet tall – a cruise industry first – as well as the Caribbean's only family slide, where four guests can slide down simultaneously. For those who prefer to enjoy from the sidelines, The **Grotto Bar**, a hidden cave bar tucked under the family slide, will offer the best people watching with a cocktail in hand.

At the center of Great Tides Waterpark, a 9,000-square-foot kids splash zone will provide a water wonderland for little ones with an oversized tipping bucket towering at over 40 feet above the ground. Eight mini slides and interactive water features complete this aquatic paradise for children of all ages. The waterpark will also feature a dynamic river, an immersive water experience with an accelerated current that will be faster and more exciting than a typical lazy river. At 800 feet long guests will be able to enter the dynamic river from several points, including a wading pool with a conveniently located swim-up bar nearby. A highlight on the river will be an illuminated grotto tunnel featuring a dreamlike bioluminescent scene for the ultimate multi-sensory experience. Well-located cabanas will be situated at the edge of the dynamic river and the kids splash zone for premium access to the popular family areas.

MORE WAYS TO ENJOY 'THE GREAT LIFE': ISLAND ENHANCEMENTS FOR EVERYONE

An all-new mini aquatic racecourse with jet karts – combining elements of go-karting and jet skiing – will soon be one of the top shore excursions available on the island for adventure seekers.

Debuting later this year, guests will start to enjoy some of the first enhanced experiences at Great Stirrup Cay, beginning with the opening of the brand-new heated pool, a new multi-ship pier, the scenic welcome plaza, and an island-wide tram service that will make it easier than ever to get around the island and escape to "The Great Life." The **Great Life Lagoon**, the recently announced expansive 1.4-acre pool area, will be complete with private ocean and pool view cabanas and villas, an abundance of complimentary loungers and two swim-up bars offering a selection of refreshing beverages including kid-friendly drinks and adult-favorite cocktails. Each bar will have its own ambiance, with **Reef Bar** designed to be more vibrant with a DJ spinning all-day beats. The **Waves Bar** will be on the opposite side of the pool where a beach-style entrance leads to an exciting splash area for kids with fun water features. Another popular family space will be the 3,400-square-foot **Splash Harbor**, a complimentary splash pad steps away from the brand-new heated pool, with interactive water fountains, aquatic features and a shaded bar and lounge for the parents to relax while the kids are at play.

For guests who enjoy their fair share of competition, the soon-to-be all-new complimentary recreational area, **Horizon Park**, will feature lawn style games, pickleball courts, a nine-hole mini golf course, half a sports court and more. Designed to provide the ultimate beachside relaxation, **Hammock Bay** will include over 50 hammocks for the perfect afternoon nap, a dedicated bar and will be conveniently located near the guest-favorite BBQ buffet. Or if exclusive oceanfront luxury is preferred, **Vibe Shore Club**, the adults-only area, will offer a chicer ambiance with a private bar, hanging day beds and premium lounge seating. Entrance to the adults-only area comes with the purchase of a day pass and includes an upgraded lounge and premium umbrella, or for an even more elevated experience, villas will also be available to rent.
