SCHEDULE A: RECONCILIATION OF NON-GAAP FINANCIAL MEASURES

(Unaudited and unreviewed), (Dollars in Thousands, Except Per Share Data)

In addition to its reported results, the company has included in the tables below adjusted results that the Securities and Exchange Commission defines as “non-GAAP financial measures.” Management believes that such non-GAAP financial measures, when read in conjunction with the company’s reported results, can provide useful supplemental information for investors in analyzing period to period comparisons of the company’s results.

The following is a reconciliation of net income, presented and reported in accordance with U.S. generally accepted accounting principles, to net income adjusted for certain items:

	<u>Three Months Ended</u>		<u>Six Months Ended</u>

Net income, as adjusted	<u>\$ 105.6</u>	<u>\$ 141.4</u>	<u>\$ 214.4</u>	<u>\$ 292.5</u>

The following is a reconciliation of diluted earnings per share, presented and reported in accordance with U.S. generally accepted accounting principles, to diluted earnings per share adjusted for certain items:

	Three Months Ended		Six Months Ended	
	6/30/2015	6/30/2014	6/30/2015	6/30/2014

(8) Based on interim income tax reporting rules, these expenses are not considered discrete items. As a result, the company's full year effective tax rate is impacted by these items. When applying the full year effective tax rate to year-to-date income, the company's year-to-date tax provision recorded with respect to these non-GAAP adjustments is different from the forecasted full-year tax provision impact of these items. As a consequence, adjustments to the year-to-date and quarterly tax impacts will be recorded as the adjusted full year effective tax rate is applied to income in subsequent periods. Additionally, adjustments to items unrelated to these non-GAAP adjustments may have an effect on the income tax impact of these non-GAAP adjustments in subsequent periods. The company plans to update the income tax impact of these items in subsequent interim reporting periods.

(9) Net of \$1.0 million tax benefit and \$2.3 million tax expense for the three months ended June 30, 2015 and 2014, respectively; and net of \$12.1 million and \$20.3 million tax benefit for the six months ended June 30, 2015 and 2014, respectively.
