Landsea Homes Announces Dave Felix As New Vice President Of Purchasing And National Contracts

Landsea Homes Executive Takes on New Leadership Role at National Level for the Company

NEWPORT BEACH, Calif., Aug. 24, 2021 /PRNewswire/ -- Landsea Homes Corporation (Nasdaq: LSEA) ("Landsea Homes" or the "Company"), a publicly traded residential homebuilder, announced today that Dave Felix has been named Vice President of Corporate Purchasing and National Contracts.

Felix, who had been Director of Purchasing for Landsea Homes' Southern California Division, will now be responsible for procuring national contract agreements with major manufacturers and suppliers as well as providing support and mentoring for division purchasing operations, initiatives and strategies.

"Dave has a depth of experience in all facets of the homebuilding industry that make him perfect for the position," said Peter Beucke, Vice President of Innovation and Sustainability for Landsea Homes. "He's a proven performer with a vast understanding of supply chain management from raw materials through distribution and installation."

Felix joined Landsea Homes in 2017, after various positions with Lennar Homes, DR Horton, and Kaufman and Broad, among other leading homebuilding companies.

In his new role, Felix will also oversee and guide purchasing processes to ensure compliance, manage national rebate and incentive programs and explore supply chain development and efficiencies.

"I'm excited for this new role within Landsea Homes and looking forward to putting to work my experience and understanding of supply and demand trends, as well as keeping a continuous pulse on installation techniques and the economics of our industry," said Felix.

Felix steps up at an important time in Landsea Homes' history as the Company recently expanded rapidly into the booming Texas and Florida markets, requiring broad-based knowledge of the national marketplace.

"Dave has built a strong trade base network over the years and knows most of the builders, owners and suppliers in the industry and how they can best work with us, a great asset for Landsea Homes," Beucke added.
