## TILT Holdings Awarded Approval for the Expansion of its Cultivation Operations in Massachusetts

PHOENIX, Oct. 09, 2020 (GLOBE NEWSWIRE) -- TILT Holdings Inc. (“TILT” or the “Company”) (CSE: TILT) (OTCQB: TLLTF), a provider of business solutions to the global cannabis industry, today announced that it has received regulatory approval to commence operations at its subsidiary, Commonwealth Alternative Care, Inc.’s (“CAC”), expanded cultivation facility in Taunton, Massachusetts.

CAC’s current 46,000 square foot facility at 30 Mozzone Boulevard includes 18,000 square feet of flower rooms, as well as manufacturing and processing operations and a medical dispensary.

The regulatory approval adds another 10,000 square feet of flower rooms, representing the first six cultivation rooms of CAC’s phased expansion plan, and increases TILT’s overall flower canopy by more than 50%. The approval also includes an additional 7,500 square feet of packaging and manufacturing space. The next phase of CAC’s planned expansion is expected to provide six additional flower rooms, subject to separate regulatory approval.

“We are pleased to announce the expansion of our cultivation and production footprint in Massachusetts,” said Mark Scatterday, CEO of TILT. “This added capacity allows us to scale operations to meet the increased demand that we are seeing at our own dispensary, as well as continued demand in the wholesale adult-use and medical markets across the state. This long-awaited approval is a testament to the perseverance and commitment of our dedicated team in Taunton and TILT’s overall goal to maximize growth within the assets in our portfolio and continue to build long-term shareholder value.”

Added Foster Boone, President of CAC, “Our team continues to meet the rigorous standards of Massachusetts for cannabis cultivation and manufacturing and with this expansion we will now be able to provide broader availability of our high-quality cannabis-based products throughout the state. We are excited to begin this next phase of our growth.”
