BUFFALO, N.Y., Oct. 23, 2008 (GLOBE NEWSWIRE) -- Rand Capital Corporation (Nasdaq:RAND) ("Rand"), a business development company (BDC) that provides capital and managerial expertise for small to medium-sized private companies, announced its financial results for the third quarter ended September 30, 2008 highlighting a net asset value of \$3.39 per share, a decrease of \$0.06 (2%) from June 30, 2008. At the end of the third quarter, Rand's total investment portfolio was valued at \$25.6 million, which exceeds its cost basis of \$13.5 million, reflecting \$12.1 million in net unrealized appreciation.

Allen F. Grum, President of Rand Capital stated, "We are spending more time with our portfolio companies during this time of changing credit and equity markets. However, in the recent weeks we have identified several promising candidates for new investments and hope to share these in the coming quarters."

Portfolio Activities

During the quarter, Rand did not invest in any new companies. Our financial results were the result of us revaluing our investment in Rocket Broadband Networks, Inc. (Amherst, NY) (www.rocketbroadband.com) to reflect current business conditions. We continue to monitor the situation to maximize our value. Also, Synacor, Inc. (Buffalo, NY) (www.synacor.com) has withdrawn plans for a public offering through a notification with the Securities and Exchange Commission due to market conditions.

Stock Repurchase

The Board of Directors has also reauthorized the repurchase of up to 285,946 of the Company's outstanding stock through purchases on the open market at any time, or from time to time, during the one-year period ending October 23, 2009, when, in the discretion of management, the price of the Company's stock does not appropriately reflect its net asset value.
