Capstone Green Energy (NASDAQ:CGRN) Announces Participation in Noble Capital Markets Virtual Road Show Series

Live Virtual Presentation on Monday, June 28, 2021 at 1:00 pm ET

VAN NUYS, CA / ACCESSWIRE / June 24, 2021 /Capstone Green Energy Corporation (www.CapstoneGreenEnergy.com) (NASDAQ:CGRN) formerly Capstone Turbine Corporation (www.capstoneturbine.com) (NASDAQ:CPST) ("Capstone" or the "Company"), a global partner in carbon reduction and on-site resilient green energy solutions today announced their participation in Noble Capital Markets' Virtual Road Show Series, presented by Channelchek, scheduled for June 28, 2021.

The virtual road show will feature a corporate presentation from Capstone Green Energy Corporation Chief Executive Officer, Darren Jamison, followed by a question and answer session moderated by Noble Senior Research Analyst Michael Heim, alongside questions submitted by the live audience.

"Green energy is becoming more relevant in today's worldwide business climate, and the Capstone Green Energy Direct Solution Sales Team and Global Distribution network partners look forward to becoming our customers' trusted energy partners. We look forward to helping them reach their carbon reduction goals - all while providing resilient, low emission energy solutions that are not only good for their pocketbook, but good for the planet. During the Noble Virtual Roadshow webcast, I will take the opportunity to expand upon Capstone's recent rebranding initiatives, and how we are providing green energy solutions for businesses in a new way," said Darren Jamison, Capstone's President and Chief Executive Officer.

The live broadcast of the virtual road show is scheduled for June 28, 2021 at 1:00 pm ET. Registration is free and open to all investors, at any level. [Register Here.](#)

Supporting presentation materials will be available on the day of the conference by visiting the Investor Relations section of the company's website at www.capstonegreenenergy.com.

About Capstone Green Energy

Capstone Green Energy (www.CapstoneGreenEnergy.com) (NASDAQ:CGRN) is a leading provider of customized microgrid solutions and on-site energy technology systems focused on helping customers around the globe meet their environmental, energy savings, and resiliency goals. Capstone Green Energy focuses on four key business lines. Through its Energy as a Service (EaaS) business, it offers rental solutions utilizing its microturbine energy systems and battery storage systems, comprehensive Factory Protection Plan (FPP) service contracts that guarantee life-cycle costs, as well as aftermarket parts. Energy Conversion Products are driven by the Company's industry-leading, highly efficient, low-emission, resilient microturbine energy systems offering scalable solutions in addition to a broad range of customer-tailored solutions, including hybrid energy systems and larger frame industrial turbines. The Energy Storage Products business line designs and installs microgrid storage systems creating customized solutions using a combination of battery technologies and monitoring software. Through Hydrogen Energy Solutions, Capstone Green Energy offers customers a variety of hydrogen products, including the Company's microturbine energy systems.

For customers with limited capital or short-term needs, Capstone offers rental systems; for more information, contact: rentals@CGRNenergy.com. To date, Capstone has shipped over 10,000 units to 83 countries and estimates that, in FY21, it saved customers over \$217 million in annual energy costs and approximately 397,000 tons of carbon. Total savings over the last three years are estimated at 1,115,100 tons of carbon and \$698 million in annual energy savings.

Cautionary Note Regarding Forward-Looking Statements

This release, and the Company's presentation and responses to questions at the Noble Capital Markets' Virtual Road Show Series will contain, forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995, including statements regarding expectations for green initiatives and execution on the Company's growth strategy and other statements regarding the Company's expectations, beliefs, plans, intentions, and strategies. The Company has tried to identify these forward-looking statements by using words such as "expect," "anticipate," "believe," "could," "should," "estimate," "intend," "may," "will," "plan," "goal" and similar terms and phrases, but such words, terms and phrases are

not the exclusive means of identifying such statements. Actual results, performance and achievements could differ materially from those expressed in, or implied by, these forward-looking statements due to a variety of risks, uncertainties and other factors, including, but not limited to, the following: the ongoing effects of the COVID-19 pandemic; the availability of credit and compliance with the agreements governing the Company's indebtedness; the Company's ability to develop new products and enhance existing products; product quality issues, including the adequacy of reserves therefor and warranty cost exposure; intense competition; financial performance of the oil and natural gas industry and other general business, industry and economic conditions; the Company's ability to adequately protect its intellectual property rights; and the impact of pending or threatened litigation. For a detailed discussion of factors that could affect the Company's future operating results, please see the Company's filings with the Securities and Exchange Commission, including the disclosures under "Risk Factors" in those filings. Except as expressly required by the federal securities laws, the Company undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, changed circumstances or future events or for any other reason.
