KORU Medical Systems Announces Stock Repurchase Program

CHESTER, N.Y.--(BUSINESS WIRE)-- **Repro Med Systems, Inc. dba KORU Medical Systems (NASDAQ: KRMD)** (“KORU Medical” or the “Company”) today announced that its Board of Directors has authorized a stock repurchase program under which the Company may purchase up to \$10 million of its outstanding common stock through December 31, 2021.

“We believe that this repurchase program demonstrates confidence in our long-term outlook, the underlying value of KORU Medical stock, and our commitment to maximizing value for our shareholders,” said Don Pettigrew, Chief Executive Officer. “Our strong balance sheet enables us to support this repurchase plan, while continuing to invest in our operations and explore investments that generate long-term growth.”

Chairman of the Board John Fletcher commented, “We are committed to enhancing shareholder value. This authorization reflects the Board’s continued confidence in the Company’s long-term growth prospects, the value of KORU Medical’s Freedom Integrated Infusion System, and the significant expansion opportunities that exist both within and adjacent to our core business.”

The shares may be repurchased periodically in open market transactions at prevailing market prices, in privately negotiated transactions, or by other means in accordance with federal securities laws. The actual timing and amount of shares repurchased under the program will be determined by the Company in its discretion and will depend on a number of factors, including price, general business and market conditions, and applicable legal requirements. The repurchase plan will be funded using cash on hand.

About KORU Medical Systems

KORU Medical Systems develops, manufactures, and commercializes innovative and easy-to-use specialty infusion solutions that improve quality of life for patients around the world. The FREEDOM Syringe Infusion System currently includes the FREEDOM60[®] and FreedomEdge[®] Syringe Infusion Drivers, Precision Flow Rate Tubing[™] and HlgH-Flo Subcutaneous Safety Needle Sets[™].
