Main Street Announces Increase in Commitments Under its Credit Facility

Total Commitments Increased to \$780 Million

HOUSTON, Nov. 5, 2020 /PRNewswire/ -- Main Street Capital Corporation (NYSE: MAIN) ("Main Street") is pleased to announce the expansion of total commitments under its revolving credit facility (the "Credit Facility") from \$740.0 million to \$780.0 million. The \$40.0 million net increase in total commitments was the result of the addition of a new lender relationship, which further diversifies the Main Street lending group under the Credit Facility to a total of nineteen participants. The recent increase in total commitments was executed under the accordion feature of the Credit Facility, which allows for an increase up to \$800.0 million in total commitments under the facility from new and existing lenders on the same terms and conditions as the existing commitments. The recent increase in total commitments under the Credit Facility provides Main Street with access to additional financing capacity in support of its future investment and operational activities.

In commenting on this expansion of the total commitments under the Credit Facility, Dwayne L. Hyzak, Main Street's Chief Executive Officer, stated, "We are very pleased that we were able to expand the commitments under our credit facility to provide access to additional capital. The confidence shown by this new lending relationship and the continued support from our long-term relationships within our lending group is greatly appreciated."
