## STRONG OPERATING PERFORMANCE CONTINUES

"2016 was an excellent performance year and we delivered on our growth objectives," said Luis Gutierrez, CEO, Prologis Property Mexico. "We realized the embedded earnings potential of our portfolio by increasing occupancy and rents, ending the year with an all-time high occupancy rate of 96.8 percent—approximately 130 basis points better than the market. We also tapped external growth opportunities by acquiring new Class-A buildings from our sponsor, Prologis. These acquisitions were accretive to earnings and consistent with our disciplined plan for long-term growth."

Gutierrez added, "As we enter into a period of uncertainty in the economic and geopolitical arena, our team is vigilant to any signs of slowing customer demand. I am confident in the resilience of our strategy and, especially, our experienced team, with their proven track record, knowledge of the market and experience executing across the business cycle."

## GUIDANCE ESTABLISHED FOR 2017 – FULL-YEAR DISTRIBUTIONS TO INCREASE 5 PERCENT

"Given the current geopolitical environment, we are guiding 2017 toward a conservative view in which we exclude any acquisition activity to prioritize liquidity over capital deployment," said Jorge Girault, senior vice president, Finance, Prologis Property Mexico. "The long-term outlook for Mexico continues to be positive. Mexico's growing middle class, its competitive advantages and the general complexity of North American supply chains imply that it should remain an important partner of U.S."
