FIBRA Prologis Launches a US\$400 Million Sustainable Line of Credit

MEXICO CITY, April 15, 2021 /PRNewswire/ -- FIBRA Prologis (BMV: FIBRAPL 14), the leading owner and operator of Class-A industrial real estate in Mexico, today announced that it has recast and upsized its sustainable line of credit to US\$400 million.

FIBRA Prologis replaced, recast and upsized its \$325 million unsecured and committed revolving facility with a \$400 million unsecured, committed and sustainable line of credit with a syndicate of eleven banks. Additionally, an accordion feature provides FIBRA Prologis with the option to increase the credit facility to US\$500 million subject to lender approval. The new credit facility is scheduled to mature on April 14th, 2026. New pricing under this facility will be at LIBOR plus 199 basis points, which will be subject to FIBRAPL's credit rating and LED lighting square feet coverage. This represents a reduction of 26 basis points from pricing in the prior line of credit.

"We are very pleased to close this sustainable, unsecured and committed syndicated line of credit for FIBRAPL thanks to the strong support from our sponsor and its long-standing relationship banks," said Jorge Girault, senior Vice-President, Fund Asset Management Prologis Property Mexico. "This new facility not only improves FIBRAPL's liquidity but also demonstrates our continued commitment to ESG initiatives."
