Amesite Announces Partnership Renewal with Michigan Works! Southeast

DETROIT, April 27, 2023 (GLOBE NEWSWIRE) -- Amesite Inc. (NASDAQ: AMST), a leading artificial intelligence software company offering a cloud-based learning platform for business and education markets, announces today it is extending its partnership with Michigan Works! Southeast (MWSE), a longtime leader in upskilling the workforces of Southeast Michigan, fostering training for both employers and workers.

This continued partnership will deliver upskilling needs, specifically training on artificial intelligence technologies for the Michigan workforce on MWSE's proprietary Learning Community Environment® – powered by Amesite.

Shamar Herron, Executive Director, Michigan Works! Southeast said, "The emergence of "new collar" jobs is a result of the power of artificial intelligence to increase the capabilities of all workers. In collaboration with Amesite, we are preparing our constituents to seize these skills-driven opportunities, by upskilling them in cutting-edge work practices."

AI is expected to replace 85 million jobs and create 97 million jobs by 2025. 93% of US organizations consider AI to be a business priority. 71% of adopters say AI has already changed their company's job roles and skills; 82% believe AI will lead to significant changes to job roles and skills over the next three years.

About Amesite Inc.

Forward Looking Statements

This communication contains forward-looking statements (including within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and Section 27A of the Securities Act of 1933, as amended) concerning the Company, the Company's planned online machine learning platform, the Company's business plans, any future commercialization of the Company's online learning solutions, potential customers, business objectives and other matters. Forward-looking statements generally include statements that are predictive in nature and depend upon or refer to future events or conditions, and include words such as "may," "will," "should," "would," "expect," "plan," "believe," "intend," "look forward," and other similar expressions among others. Statements that are not historical facts are forward-looking statements. Forward-looking statements are based on current beliefs and assumptions that are subject to risks and uncertainties and are not guarantees of

future performance. Actual results could differ materially from those contained in any forward-looking statement. Risks facing the Company and its planned platform are set forth in the Company's filings with the SEC. Except as required by applicable law, the Company undertakes no obligation to revise or update any forward-looking statement, or to make any other forward-looking statements, whether as a result of new information, future events or otherwise.
