Amesite Announces Integration Capability with LMS Platforms, Bringing AI to Organizations with Existing Contract Commitments

DETROIT, July 25, 2023 (GLOBE NEWSWIRE) -- Amesite Inc. (NASDAQ: AMST), a leading artificial intelligence software company offering a cloud-based learning platform for education, business, and government markets, announces today the rollout of capability to integrate with Learning Management Systems (LMS). Rollouts will begin on August 14, 2023. Dates that the integrations will be made available are as follows, enabling integrations to launch prior to the Fall, 2023 academic semester:

- Canvas (Instructure Inc; NYSE: INST): August 14, 2023
- Blackboard (Anthology Inc.): August 21, 2023
- Google Classroom (Alphabet Inc.; NASDAQ: GOOGL): August 21, 2023

"Our present and pipeline Customers need to be able to utilize their present tools to track essential course, learner and instructor data in order to scale efficiently," said Amesite Founder & CEO, Dr. Ann Marie Sastry.

Customers will now be able to track courses, users, and learner progress and reporting seamlessly in both their AI-driven Amesite platform solutions and existing LMSs.

Amesite's latest V6.3 release emphasizes strengthened security protocols, ensuring that data transactions between integrated systems remain robust and encrypted. Recognizing the importance of cybersecurity in today's AI-first landscape, Amesite continues to prioritize best-in-class security and protection mechanisms against potential cyber threats. To educate our user base on the pivotal role of cybersecurity and how to navigate integrations to effectively leverage data, Amesite has released a complimentary cybersecurity white paper and integration white paper.

About Amesite Inc.

Forward-Looking Statements

This communication contains forward-looking statements (including within the meaning of

Section 21E of the Securities Exchange Act of 1934, as amended, and Section 27A of the Securities Act of 1933, as amended) concerning the Company, the Company's planned online machine learning platform, the Company's business plans, any future commercialization of the Company's online learning solutions, potential customers, business objectives and other matters. Forward-looking statements generally include statements that are predictive in nature and depend upon or refer to future events or conditions, and include words such as "may," "will," "should," "would," "expect," "plan," "believe," "intend," "look forward," and other similar expressions among others. Statements that are not historical facts are forward-looking statements. Forward-looking statements are based on current beliefs and assumptions that are subject to risks and uncertainties and are not guarantees of future performance. Actual results could differ materially from those contained in any forward-looking statement. Risks facing the Company and its planned platform are set forth in the Company's filings with the SEC. Except as required by applicable law, the Company undertakes no obligation to revise or update any forward-looking statement, or to make any other forward-looking statements, whether as a result of new information, future events or otherwise.
