About Veritone

Veritone (VERI) is a leading artificial intelligence company that has developed a unique platform, aiWARE, which unlocks the power of AI-based cognitive computing to transform and analyze unstructured public and private audio and video data for clients in a variety of markets, including media, politics, legal and government. The open platform integrates an ecosystem of best-of-breed cognitive engines and powerful applications, which can be orchestrated together to reveal valuable, multivariate insights. aiWARE delivers unprecedented insights by unlocking data from linear files such as radio and TV broadcasts, surveillance footage and public and private content globally.
