SG Blocks Reports Second Quarter 2020 Financial Results

Management to Host Conference Call Today at 4:30 p.m. ET

BROOKLYN, N.Y.--(BUSINESS WIRE)-- SG Blocks, Inc. (Nasdaq: SGBX) ("SG Blocks" or the "Company"), a leading designer, innovator and fabricator of container-based structures, reported its financial results for the second quarter ended June 30, 2020.

Management Commentary

"Despite the challenges presented by the Covid 19 pandemic, in the second quarter SG Blocks was able to advance its core mission, raised a sufficient capital reserve for operations, and established a supply chain for the fabrication and distribution of container based medical laboratory services and diagnostic centers and the sale of Covid-19 tests," commented Paul Galvin, CEO of SG, Blocks.

"The receipt of the final planning approval for Monticello Mews is a significant milestone that will help launch SG Residential, the Company's licensee, which is also actively building in Puerto Rico," Galvin added. "These royalty streams represent recurring revenue with the potential to earn substantial revenues from the three phases of this 300+ unit project."

Galvin continued, "We continued to sign new business throughout the year, the most notable of which was a \$4 million manufacturing contract in the south Florida hospitality market. This contract alone potentially represents a 300% increase in revenue over the trailing 4 quarters."

"The Distribution agreement with OSANG healthcare for its Covid 19 test, our product lines in the education and medical sectors with Grimshaw Architects and our ability to sell and distribute OSANG's Gene Finder tests throughout North America are all designed to create recurring revenue for the Company," Galvin continued. "Having access to Grimshaw's unparalleled global supply chain greatly increases the number of addressable markets for our products."

Galvin concluded, "We expect the efforts and progress in Q2 will serve as a catalyst for the rest of 2020 and into the new year."

Second Quarter 2020 Financial Highlights:

- Revenue of approximately \$629,000, as compared to approximately \$728,000 in Q2 2019.
- Gross profit of approximately \$374,000, as compared to approximately \$267,000 in Q2 2019.
- Net loss of approximately \$838,000, or \$(0.16) per basic and diluted share, as compared to a net loss of approximately \$972,000, or \$(4.02) per basic and diluted

share, in Q2 2019.

- Adjusted EBITDA loss of approximately \$533,000, as compared to a loss of approximately \$755,000 in Q2 2019. (See below for further discussion about the presentation of Adjusted EBITDA, a non-GAAP financial measurement).
- Completed a public offering of 440,000 shares of common stock at an offering price of \$4.25 per common share for aggregate net proceeds of approximately \$1.5 million after deducting underwriting discounts and commissions and other expenses related to the offering.
- Completed a public offering of 6,900,000 shares of common stock, including the exercise of the over-allotment option, at an offering price of \$2.50 per common share for aggregate gross proceeds of approximately \$15.6 million after deducting underwriting discounts and commissions and other expenses related to the offering.

Second Quarter 2020 and Subsequent Operational Highlights:

- Construction backlog decreased to approximately \$17.3 million as of June 30, 2020, as compared to \$17.6 million as of December 31, 2019. The decrease in backlog is primarily attributable to work in progress or completed contracts during the first six months of 2020.
- 12 projects under contract, performed activity on 12 projects during Q2 2020.
- Awarded a contract of approximately \$4.0 million to manufacture a boutique, mixed-use hospitality project featuring 24 hospitality units in South Florida, subsequent to Q2 2020.
- Monticello project received final site planning approval from the Village of Monticello and is now poised to begin excavation on the site. This project is expected to yield 302 units of workforce housing once completed by our licensee.
- Entered into an agreement with Grimshaw Architects for the design and deployment of a variety of medical modules to allow for point-of-care testing, lab services and other medical procedures.
- Completed US Customs import license and FDA registration process related to COVID-19 test kits.
- Announced agreement with RhoHouse LLC, a technology-focused housing start up, to bring well-designed, affordable houses to market using RhoHouse's CORE modules.
- Announced partnership with Grimshaw Architects to build prefabricated modular based education facilities.
- Other business projects in process:
 - Entered into agreement subsequent to Q2 2020 for completion of 40 office boxes in Puerto Rico under our license agreement.
 - Executed purchase orders for two experiential pop-up containers for the University of West Virginia, subsequent to Q2 2020.
 - Executed a design contract for a restaurant expansion in Georgia, subsequent to Q2 2020.
 - "MoLiving" mobile hospitality prototype project for Arizona Investissements is on track to be completed in Q3 2020.
 - "Planet Smoothie" project to be completed in Q3 2020, the project has reached its final construction phase, pending shipment to final destination in Djibouti, Africa.
 - Previously announced Verizon store was completed in Denver area, subsequent to Q2 2020.

Second Quarter 2020 Financial Results

Revenue was approximately \$629,000 compared to \$728,000 in Q2 2019.

The Company's backlog decreased to approximately \$17.3 million as of June 30, 2020, as compared to approximately \$17.6 million at December 31, 2019. The decrease in backlog is primarily attributable to work in progress or completed contracts during the first six months of 2020.

Gross profit was approximately \$374,000 as compared to approximately \$267,000 in Q2 2019.

Operating expenses decreased by approximately \$24,000 to approximately \$1.21 million in Q2 2020 compared to approximately \$1.24 million in Q2 2019. The decrease was driven by a reduction in payroll and related expenses of approximately \$253,000 and a reduction in marketing and business development expense of approximately \$53,000, which was partially offset by an increase in general and administrative expenses, primarily due to higher legal fees and consulting expenses, of \$260,000.

Net loss totaled approximately \$838,000, or \$(0.16) per basic and diluted share, compared to a net loss of approximately \$972,000, or \$(4.02) per basic and diluted share, in Q2 2019.

Adjusted EBITDA loss was approximately \$533,000 compared to an Adjusted EBITDA loss of approximately \$755,000 in Q2 2019. See below under the heading "Use of Non-GAAP Financial Information" for a discussion of Adjusted EBITDA and a reconciliation of such measure to the most comparable measure calculated under U.S. generally accepted accounting principles ("GAAP").

Balance Sheet

Cash and cash equivalents at June 30, 2020 totaled approximately \$16.1 million, as compared to approximately \$1.6 million at December 31, 2019.

Further details about the Company's results will be available in its Quarterly Report on Form 10-Q, accessible in the investor relations section of the Company's website at www.sgblocks.com and through the U.S. Securities and Exchange Commission's website.

Use of Non-GAAP Financial Information

In addition to its results under GAAP, the Company presents EBITDA and Adjusted EBITDA for historical periods. EBITDA and Adjusted EBITDA are non-GAAP financial measures and have been presented as supplemental measures of financial performance that are not required by, or presented in accordance with, GAAP. The Company calculates EBITDA as net income (loss) before interest expense, income tax benefit (expense), depreciation and amortization. It calculates Adjusted EBITDA as EBITDA before certain non-recurring adjustments such stock-based compensation expense. EBITDA and Adjusted EBITDA are presented because they are important metrics used by management as one of the means by which it assesses the Company's financial performance. EBITDA and Adjusted EBITDA are also frequently used by analysts, investors and other interested parties to evaluate companies in the Company's industry. These measures, when used in conjunction with related GAAP financial measures, provide investors with an additional financial analytical framework that may be useful in assessing the Company and its results of operations.

EBITDA and Adjusted EBITDA have certain limitations. EBITDA and Adjusted EBITDA should not be considered as alternatives to net income (loss), or any other measures of financial performance derived in accordance with GAAP. These measures also should not be construed as an inference that the Company's future results will be unaffected by unusual or non-recurring items for which these non-GAAP measures make adjustments. Additionally, EBITDA and Adjusted EBITDA are not intended to be liquidity measures because of certain limitations, including, but not limited to:

- They do not reflect the Company's cash outlays for capital expenditures;
- They do not reflect changes in, or cash requirements for, working capital; and
- Although depreciation and amortization are non-cash charges, the assets are being depreciated and amortized and may have to be replaced in the future, and these non-GAAP measures do not reflect cash requirements for such replacements.

The non-GAAP information should be read in conjunction with the Company's consolidated financial statements and related notes.

The following is a reconciliation of EBITDA and Adjusted EBITDA to the nearest GAAP

measure, net loss:
