

# SG Blocks Executes Purchase Order for Tyndall Florida Governmental Project

NEW YORK--(BUSINESS WIRE)-- SG Blocks, Inc. (NASDAQ: SGBX) ("SG Blocks" or the "Company"), a leading designer, innovator and fabricator of container-based structures, announced today the execution of a significant purchase order from an existing privately held client completing a governmental project in Tyndall, Florida.

The project consists of 20,560 square feet and is expected to be completed in the second quarter of 2021. This modular unit adds to the comprehensive portfolio that SG Blocks possesses of governmental and military projects.

"As a team, we have always collectively been proud of serving our clients in the U.S. Military," Paul Galvin, Chairman and CEO noted. "We respect those who serve very much, and we're pleased to continue to provide best-in-class shipping container structures, designed with versatility in mind for the numerous ways in which our military clients use them."

Founded in 2007, SG Blocks utilizes code-engineered cargo shipping containers to design and provide safe, durable and environmentally friendly structures. It has an exclusive ESR number, which was granted by the International Code Council and ensures its ability to meet and exceed all international building codes. Clients have included various retail clients, some including Starbucks, Marriott, Taco Bell, Aman, Equinox, several branches of the U.S. military, and most recently, advances into the travel and healthcare space with hospitals and airports.

## About SG Blocks, Inc.

SG Blocks, Inc. is a premier innovator in advancing and promoting the use of code-engineered cargo shipping containers for safe and sustainable construction. The firm offers a product that exceeds many standard building code requirements, and also supports developers, architects, builders and owners in achieving greener construction, faster execution, and stronger buildings of higher value. Each project starts with GreenSteel™, the structural core and shell of an SG Blocks building, and then customized to client specifications.
