Safe & Green Holdings Announces Certification Upgrades from the Texas Department of Licensing and Regulation (TDLR)

MIAMI, FL, Jan. 28, 2025 (GLOBE NEWSWIRE) -- **Safe & Green Holdings Corp. (NASDAQ: SGBX)** ("Safe & Green Holdings" or the "Company"), a leading developer, designer, and fabricator of modular structures, today announced that its SG Echo Waldron facility has achieved significant certification upgrades from the Texas Department of Licensing and Regulation (TDLR). These new certifications represent a milestone in the Company's ability to deliver innovative, high-quality solutions to customers across the state.

"Achieving these certification upgrades sets us up to offer a wide range of products to our customers in the state of Texas," said Michael McLaren, Chairman and CEO of Safe & Green Holdings. "These certifications reflect our ongoing dedication to quality, compliance, and innovation. Whether it's modular homes, industrial buildings, or commercial kitchens, we're proud to provide solutions that comply with the law, adhere to the highest building standards, and exceed customer expectations. The SG Echo Waldron facility is now certified to build industrialized housing, construct industrialized commercial buildings, produce commercial kitchens, and utilize modified shipping containers as structural components. This comprehensive range of certifications underscores the facility's versatility and commitment to meeting diverse construction needs. By integrating shipping containers as structural components, we not only showcase our technical capabilities but also emphasize our commitment to sustainability and resource efficiency. This milestone reinforces our mission to redefine the construction industry with versatile, durable, and environmentally responsible solutions."

"These certifications expand Safe & Green Holdings' capacity to meet diverse customer needs while ensuring compliance with Texas' mandatory building codes and design standards. Modular home construction, which is held to the same rigorous codes as site-built homes, is further supported by the use of a third-party inspection agency. This guarantees that every product delivered meets the highest standards of quality and safety. With these new certifications, Safe & Green Holdings is positioned to drive growth and better serve its customers, offering customizable, state-compliant solutions for residential and commercial applications."

About Safe & Green Holdings Corp.

Safe & Green Holdings Corp., a leading modular solutions company, operates under core capabilities which include the development, design, and fabrication of modular structures, meeting the demand for safe and green solutions across various industries.
