CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS

The financial results in this document reflect preliminary, unaudited results, which are not final until the Company's Quarterly Report on Form 10-Q is filed. With the exception of historical information, certain statements contained or incorporated by reference herein may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), such as those pertaining to our guidance, our capital resources and liquidity, our pursuit of growth opportunities, the timing of transaction closings and investment spending, our expected cash flows, the performance of our customers, our expected cash collections and our results of operations and financial condition. Forward-looking statements involve numerous risks and uncertainties, and you should not rely on them as predictions of actual events. There is no assurance that the events or circumstances reflected in the forward-looking statements will occur. You can identify forward-looking statements by use of words such as "will be," "intend," "continue," "believe," "may," "expect," "hope," "anticipate," "goal," "forecast," "pipeline," "estimates," "offers," "plans," "would" or other similar expressions or other comparable terms or discussions of strategy, plans or intentions contained or incorporated by reference herein. Forward-looking statements necessarily are dependent on assumptions, data or methods that may be incorrect or imprecise. These forward-looking statements represent our intentions, plans, expectations and beliefs and are subject to numerous assumptions, risks and uncertainties. Many of the factors that will determine these items are beyond our ability to control or predict. For further discussion of these factors see "Item 1A. Risk Factors" in our most recent Annual Report on Form 10-K and, to the extent applicable, our Quarterly Reports on Form 10-Q.

For these statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. You are cautioned not to place undue reliance on our forward-looking statements, which speak only as of the date hereof or the date of any document incorporated by reference herein. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. Except as required by law, we do not undertake any obligation to release publicly any revisions to our forward-looking statements to reflect events or circumstances after the date hereof.

NON-GAAP INFORMATION

This document contains certain non-GAAP measures. These non-GAAP measures, as calculated by the Company, are not necessarily comparable to similarly titled measures reported by other companies. Additionally, these non-GAAP measures are not measurements of financial performance or liquidity under GAAP and should not be considered alternatives to the Company's other financial information determined under GAAP. See pages 25 through 27 for definitions of certain non-GAAP financial measures used in this document and the reconciliations of certain non-GAAP measures on pages 9 and 10 and in the Appendix on pages 28 through 32.

COMPANY PROFILE

THE COMPANY

EPR Properties ("we," "us," "our," "EPR" or the "Company") is a self-administered and self-managed real estate investment trust. EPR was formed in August 1997 as a Maryland real estate investment trust ("REIT"), and an initial public offering was completed on November 18, 1997.

Since that time, the Company has been a leading Experiential net lease REIT, specializing in select enduring experiential properties. We are focused on growing our Experiential portfolio with properties that offer a variety of enduring, congregate entertainment, recreation and leisure activities. Separately, our Education portfolio is a legacy investment that provides additional geographic and operator diversity.

EXPERIENTIAL PORTFOLIO

- Theatres
- Eat & Play
- Ski
- Attractions
- Experiential Lodging
- Gaming
- Fitness & Wellness
- Cultural
- Live Venues

EDUCATION PORTFOLIO

- Private Schools
- Early Childhood

COMPANY STRATEGY

Our primary business objective is to enhance shareholder value by achieving predictable growth in Funds from Operations As Adjusted ("FFOAA") and dividends per share.

Our strategic growth is focused on acquiring or developing a diversified portfolio of experiential real estate venues which create value by facilitating out of home congregate entertainment, recreation and leisure experiences where consumers choose to spend their discretionary time and money. This strategy is driven by the long-term trends of the growing experience economy.

This focus is consistent with our depth of knowledge across each of our property types, creating a competitive advantage that allows us to more quickly identify key market trends. We deliberately apply information and our ingenuity to target properties that represent logical extensions within each of our existing property types or potential future investments.

As part of our strategic planning and portfolio management process we assess new opportunities against the following underwriting principles:

BUILDING THE PREMIER EXPERIENTIAL REAL ESTATE PORTFOLIO

SENIOR NOTES

SENIOR DEBT RATINGS AS OF SEPTEMBER 30, 2024

Moody's	Baa3 (stable)
Fitch	BBB- (stable)
Standard and Poor's	BBB- (stable)

SUMMARY OF COVENANTS

The Company had outstanding public senior unsecured notes with fixed interest rates of 3.60%, 3.75%, 4.50%, 4.75% and 4.95% at September 30, 2024. Interest on these notes is paid semiannually. These public senior unsecured notes contain various covenants, including: (i) a limitation on incurrence of any debt that would cause the Company's debt to adjusted total assets ratio to exceed 60%; (ii) a limitation on incurrence of any secured debt which would cause the Company's secured debt to adjusted total assets ratio to exceed 40%; (iii) a limitation on incurrence of any debt which would cause the Company's debt service coverage ratio to be less than 1.5 times; and (iv) the maintenance at all times of total unencumbered assets not less than 150% of the Company's outstanding unsecured debt.

The following is a summary of the key financial covenants for the Company's 3.60%, 3.75%, 4.50%, 4.75% and 4.95% public senior unsecured notes, as defined and calculated per the terms of the notes. These calculations, which are not based on U.S. generally accepted accounting principles ("GAAP") measurements, are presented to investors to show the Company's ability to incur additional debt under the terms of the senior unsecured notes only and are not measures of the Company's liquidity or performance. The actual amounts as of September 30, 2024 and June 30, 2024 are:

NOTE COVENANTS	Required	Actual 3rd Quarter 2024 (1)	Actual 2nd Quarter 2024 (1)
Limitation on incurrence of total debt (Total Debt/Total Assets)	≤ 60%	40%	40%
Limitation on incurrence of secured debt (Secured Debt/Total Assets)	≤ 40%	—%	—%
Limitation on incurrence of debt: Debt service coverage (Consolidated Income Available for Debt Service/Annual Debt Service) - trailing twelve months	≥ 1.5 x	4.1x	4.2x
Maintenance of total unencumbered assets (Unencumbered Assets/Unsecured Debt)	≥ 150% of unsecured debt	238%	238%

(1) See page 14 for details of calculations.

(1) See pages 25 through 27 for definitions. See prior period supplementals for detailed calculations as applicable.

(2) Adjusted EBITDAre is for the quarter multiplied times four. See calculation on page 31.

(3) Annualized adjusted EBITDAre is adjusted EBITDAre for the quarter further adjusted for in-service and disposed projects, percentage rent and participating interest and other items which is then multiplied times four. These calculations can be found on page 31 under the reconciliation of Adjusted EBITDAre and Annualized Adjusted EBITDAre. See pages 25 through 27 for definitions.

(4) See page 29 for detailed calculation.

(5) FFO payout ratio is calculated by dividing dividends declared per common share by FFO per diluted common share.

(6) FFO as adjusted payout ratio is calculated by dividing dividends declared per common share by FFO as adjusted per diluted common share.

(7) AFFO payout ratio is calculated by dividing dividends declared per common share by AFFO per diluted common share.

(1) This schedule includes only those properties for which the Company has commenced construction as of September 30, 2024.

(2) "Total Expected Costs" and "Total In-Service" each reflect the total capital costs expected to be funded by the Company through completion (including capitalized interest or accrued interest as applicable).

(3) Total Build-to-Suit excludes property under development related to the Company's real estate joint ventures that own an experiential lodging property in Harrisville, Pennsylvania. The Company's investment spending for these joint ventures is estimated at \$1.5 million for the remainder of 2024.

Note: This schedule includes future estimates for which the Company can give no assurance as to timing or amounts. Development projects have risks. See Item 1A - "Risk Factors" in the Company's most recent Annual Report on Form 10-K and, to the extent applicable, the Company's Quarterly Reports on Form 10-Q.

(1) Other income and other expense consist primarily of results from the Company's properties operated through third-party managers.

Note: This schedule includes future estimates for which the Company can give no assurance as to timing or amounts. See cautionary statement concerning forward-looking statements on page 3.

DEFINITIONS - NON-GAAP FINANCIAL MEASURES

EBITDAre

The National Association of Real Estate Investment Trusts (“NAREIT”) developed EBITDAre as a relative non-GAAP financial measure of REITs, independent of a company's capital structure, to provide a uniform basis to measure the enterprise value of a company. Pursuant to the definition of EBITDAre by the Board of Governors of NAREIT, the Company calculates EBITDAre as net income, computed in accordance with GAAP, excluding interest expense (net), income tax expense (benefit), depreciation and amortization, gains and losses from disposition of real estate, impairment losses on real estate, costs associated with loan refinancing or payoff and adjustments for unconsolidated partnerships, joint ventures and other affiliates. Management provides EBITDAre herein because it believes this information is useful to investors as a supplemental performance measure because it can help facilitate comparisons of operating performance between periods and with other REITs. The Company's method of calculating EBITDAre may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs. EBITDAre is not a measure of performance under GAAP, does not represent cash generated from operations as defined by GAAP and is not indicative of cash available to fund all cash needs, including distributions. This measure should not be considered an alternative to net income or any other GAAP measure as a measurement of the results of the Company's operations or cash flows or liquidity as defined by GAAP.

ADJUSTED EBITDAre AND ANNUALIZED ADJUSTED EBITDAre

Management uses Adjusted EBITDAre in its analysis of the performance of the business and operations of the Company. Management believes Adjusted EBITDAre is useful to investors because it excludes various items that management believes are not indicative of operating performance, and because it is an informative measure to use in computing various financial ratios to evaluate the Company. The Company defines Adjusted EBITDAre as EBITDAre (defined above) for the quarter excluding sale participation income, gain on insurance recovery, retirement and severance expense, transaction costs, provision (benefit) for credit losses, net, impairment losses on operating lease right-of-use assets and prepayment fees. This number for the quarter is then multiplied by four to get an annual amount. Annualized Adjusted EBITDAre is Adjusted EBITDAre further adjusted to reflect (1) in-service and disposed projects (2) property under development that is build-to-suit at the initial cash yields of the projects upon completion (3) removal of other non-recurring items including out of period deferrals and stub rent payments and (4) annualization of the following items to ultimately reflect the financial results of the trailing twelve months or mid-point of guidance: (i) percentage rent and participating interest income and (ii) adjusted EBITDAre of managed properties and joint ventures.

The Company's method of calculating Adjusted EBITDAre and Annualized Adjusted EBITDAre may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs. Adjusted EBITDAre and Annualized Adjusted EBITDAre are not measures of performance under GAAP, do not represent cash generated from operations as defined by GAAP and are not indicative of cash available to fund all cash needs, including distributions. These measures should not be considered as an alternative to net income or any other GAAP measure as a measurement of the results of the Company's operations or cash flows or liquidity as defined by GAAP.

NET DEBT

Net Debt represents debt (reported in accordance with GAAP) adjusted to exclude deferred financing costs, net and reduced for cash and cash equivalents. By excluding deferred financing costs, net, and reducing debt for cash and cash equivalents on hand, the result provides an estimate of the contractual amount of borrowed capital to be repaid, net of cash available to repay it. The Company believes this calculation constitutes a beneficial supplemental non-GAAP financial disclosure to investors in understanding its financial condition. The Company's method of calculating Net Debt may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs.

NET DEBT TO ADJUSTED EBITDAre RATIO, NET DEBT TO GROSS ASSETS RATIO AND NET DEBT TO TOTAL MARKET CAPITALIZATION RATIO

Net Debt to Adjusted EBITDAre Ratio, Net Debt to Gross Assets Ratio and Net Debt to Total Market Capitalization Ratio are supplemental measures derived from non-GAAP financial measures that the Company uses to evaluate its capital structure and the magnitude of its debt against its operating performance. The Company believes that investors commonly use versions of these ratios in a similar manner. In addition, financial institutions use versions of these ratios in connection with debt agreements to set pricing and covenant limitations. The Company's method of calculating Net Debt to Adjusted EBITDAre Ratio, Net Debt to Gross Assets Ratio and Net Debt to Total Market Capitalization Ratio may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs.

FUNDS FROM OPERATIONS (“FFO”) AND FFO AS ADJUSTED

NAREIT developed FFO as a relative non-GAAP financial measure of performance of an equity REIT in order to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP and management provides FFO herein because it believes this information is useful to investors in this regard. FFO is a widely used measure of the operating performance of real estate companies and is provided here as a supplemental measure to GAAP net income available to common shareholders and earnings per share. Pursuant to the definition of FFO by the Board of Governors of NAREIT, the Company calculates FFO as net income available to common shareholders, computed in accordance with GAAP, excluding gains and losses from disposition of real estate and impairment losses on real estate, plus real estate related depreciation and amortization, and after adjustments for unconsolidated partnerships, joint ventures and other affiliates. Adjustments for unconsolidated partnerships, joint ventures and other affiliates are calculated to reflect FFO on the same basis. The Company has calculated FFO for all periods presented in accordance with this definition. In addition, the Company presents FFO as adjusted. Management believes it is useful to provide FFO as adjusted as a supplemental measure to GAAP net income available to common shareholders and earnings per share. FFO as adjusted is FFO plus retirement and severance expense, transaction costs, provision (benefit) for credit losses, net, costs associated with loan refinancing or payoff, preferred share redemption costs and impairment of operating lease right-of-use assets, and by subtracting sale participation income, gain on insurance recovery and deferred income tax expense (benefit). FFO and FFO as adjusted are non-GAAP financial measures. FFO and FFO as adjusted do not represent cash flows from operations as defined by GAAP and are not indicative that cash flows are adequate to fund all cash needs and are not to be considered an alternative to net income or any other GAAP measure as a measurement of the results of the Company's operations, cash flows or liquidity as defined by GAAP. It should also be noted that not all REITs calculate FFO and FFO as adjusted the same way so comparisons with other REITs may not be meaningful.

ADJUSTED FUNDS FROM OPERATIONS (“AFFO”)

In addition to FFO, the Company presents AFFO by adding to FFO retirement and severance expense, transaction costs, provision (benefit) for credit losses, net, costs associated with loan refinancing or payoff, preferred share redemption costs, impairment of operating lease right-of-use assets, termination fees associated with tenants' exercises of public charter school buy-out options, non-real estate depreciation and amortization, deferred financing fees amortization and share-based compensation expense to management and trustees; and by subtracting amortization of above and below market leases, net and tenant allowances, sale participation income, maintenance capital expenditures (including second generation tenant improvements and leasing commissions), straight-lined rental revenue (removing the impact of straight-line ground sublease expense), non-cash portion of mortgage and other financing income, allocated share of joint venture non-cash items, gain on insurance recovery and deferred income tax (benefit) expense. AFFO is a widely used measure of the operating performance of real estate companies and is provided here as a supplemental measure to GAAP net income available to common shareholders and earnings per share and management provides AFFO herein because it believes this information is useful to investors in this regard. AFFO is a non-GAAP financial measure. AFFO does not represent cash flows from operations as defined by GAAP and is not indicative that cash flows are adequate to fund all cash needs and is not to be considered an alternative to net income or any other GAAP measure as a measurement of the results of the Company's operations or its cash flows or liquidity as defined by GAAP. It should also be noted that not all REITs calculate AFFO the same way so comparisons with other REITs may not be meaningful.

INTEREST COVERAGE RATIO

The interest coverage ratio is calculated as the interest coverage amount divided by interest expense, gross. The Company calculates the interest coverage amount by adding to net income impairment charges, provision (benefit) for credit losses, net, transaction costs, interest expense, gross (including interest expense in discontinued operations), retirement and severance expense, depreciation and amortization, share-based compensation expense to management and trustees and costs associated with loan refinancing or payoff; subtracting sale participation income, interest cost capitalized, straight-line rental revenue, gain on early extinguishment of debt, gain (loss) on sale of real estate from continuing and discontinued operations, gain on insurance recovery, gain on previously held equity interest, gain on early extinguishment of debt, prepayment fees and deferred income tax benefit (expense). The Company calculates interest expense, gross, by adding to interest expense, net, interest income and interest cost capitalized. The Company considers the interest coverage ratio to be an appropriate supplemental measure of a company's ability to meet its interest expense obligations and management believes it is useful to investors in this regard. The Company's calculation of the interest coverage ratio may be different from the calculation used by other companies, and therefore, comparability may be limited. This information should not be considered as an alternative to any GAAP liquidity measures.

FIXED CHARGE COVERAGE RATIO

The fixed charge coverage ratio is calculated in exactly the same manner as the interest coverage ratio, except that interest expense, gross and preferred share dividends are also added to the denominator. The Company considers the fixed charge coverage ratio to be an appropriate supplemental measure of a company's ability to make its interest and preferred share dividend payments and management believes it is useful to investors in this regard. The Company's calculation of the fixed charge coverage ratio may be different from the calculation used by other companies and, therefore, comparability may be limited. This information should not be considered as an alternative to any GAAP liquidity measures.

DEBT SERVICE COVERAGE RATIO

The debt service coverage ratio is calculated in exactly the same manner as the interest coverage ratio, except that interest expense, gross and recurring principal payments are also added to the denominator. The Company considers the debt service coverage ratio to be an appropriate supplemental measure of a company's ability to make its debt service payments and management believes it is useful to investors in this regard. The Company's calculation of the debt service coverage ratio may be different from the calculation used by other companies and, therefore, comparability may be limited. This information should not be considered as an alternative to any GAAP liquidity measures.

NON-GAAP PRO-RATA FINANCIAL INFORMATION - UNCONSOLIDATED JOINT VENTURES

This information includes non-GAAP financial measures. The Company's share of unconsolidated joint ventures is derived on an entity-by-entity basis by applying its ownership percentage to each line item in the GAAP financial statements of these properties to calculate its share of that line item. The Company believes this form of presentation offers insights into the financial performance and condition of our Company as a whole, given the significance of its unconsolidated joint ventures that are accounted for under the equity method of accounting, although the presentation of such information may not accurately depict the legal and economic implications of holding an unconsolidated joint venture. The Company's method of calculating its proportionate interest may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs. The Company does not control the unconsolidated joint venture for purposes of GAAP and the presentation of the assets and liabilities and revenues and expenses do not represent a legal claim to such items. Due to these limitations, the non-GAAP pro-rata financial information should not be considered in isolation or as a substitute for the Company's consolidated financial statements as reported under GAAP.

(1) See pages 25 through 27 for definitions.

RECONCILIATION OF INTEREST COVERAGE AMOUNT TO NET CASH PROVIDED BY OPERATING ACTIVITIES

(UNAUDITED, DOLLARS IN THOUSANDS)

The interest coverage amount per the table on page 29 is a non-GAAP financial measure and should not be considered an alternative to any GAAP liquidity measures. It is most directly comparable to the GAAP liquidity measure, "Net cash provided by operating activities," and is not directly comparable to the GAAP liquidity measures, "Net cash used by investing activities" and "Net cash provided by financing activities." The interest coverage amount can be reconciled to "Net cash provided by operating activities" per the consolidated statements of cash flows as follows:

	3RD QUARTER 2024	2ND QUARTER 2024	1ST QUARTER 2024	4TH QUARTER 2023	3RD QUARTER 2023	2ND QUARTER 2023
Net cash provided by operating activities	\$ 122,001	\$ 78,655	\$ 99,543	\$ 77,002	\$ 149,204	\$ 99,358

See footnotes on following page.

- (1) See pages 25 through 27 for definitions.
- (2) Adjusted EBITDAre for the quarter is multiplied by four to calculate an annualized amount but does not include the annualization of investments put in service, acquired or disposed of during the quarter, as well as the potential earnings on property under development, the annualization of percent rent and participating interest and adjustments for other items. These adjustments are considered in the calculation of Annualized Adjusted EBITDAre.
- (3) Adjustments for rental properties commencing or terminating GAAP net operating income during the quarter and adjustments to revenue from mortgage notes receivable to be consistent with end of quarter balance.
- (4) To annualize amounts from the actual latest quarterly amount to the trailing 12-month amount divided by four. Any profit or loss from managed properties held less than one year is removed as part of the adjustment. Annualized Adjusted EBITDAre related to the Company's investments in two joint venture properties in St. Pete Beach, Florida has been reduced to zero.
- (5) To add in income for property under development that is build-to-suit at the initial cash yields of the projects upon completion.
- (6) To adjust percentage rents and participating interest income from the actual latest quarterly amount to the mid-point of the guidance amount shown on page 24 divided by four.
- (7) To remove non-recurring, out-of-period deferred and stub rent collections
- (8) Adjustments for various non-recurring items during the quarter.
- (9) Annualized Adjusted EBITDAre for the quarter is multiplied by four to calculate an annualized amount.
