BATON ROUGE, La.--(BUSINESS WIRE)-- [Sonic Automotive Inc.](#) ("Sonic" or the "Company") (NYSE:SAH), a Fortune 500 Company and one of the nation's largest automotive retailers, today announced the opening of its new EchoPark delivery center in Baton Rouge, the capital city of Louisiana and second-largest metropolitan area in the state.

The Baton Rouge Delivery Center is EchoPark's second location in Louisiana, and a complementary addition to its existing delivery center in New Orleans. The new delivery center marks EchoPark's 33rd location to date, continuing the brand's expansion toward a nationwide distribution network that is expected to reach 90 percent of the U.S. population and generate \$14 billion in revenues by 2025.

"We are excited to continue serving the needs of guests in Louisiana with the opening of our newest EchoPark delivery center in Baton Rouge," said David Smith, CEO of Sonic Automotive and EchoPark Automotive. "Our teammates are committed to providing an exceptional selection of high-quality, pre-owned vehicles, priced up to \$3,000 below market, both in-store and online, with a hassle-free, guest-centered experience from start to finish."

Guests are able to take delivery in person at the Baton Rouge location after conveniently shopping online at [EchoPark.com](#) and choosing from over 10,000 high quality, one- to four-year-old pre-owned vehicles with clean CarFax reports, most of which are still under original factory warranty. From the EchoPark website, guests can complete a purchase online and schedule a convenient time for pickup at an EchoPark delivery center or retail sales center. Upon arrival, guests work with an EchoPark Experience Guide, who will help answer any questions and finalize all vehicle purchase details before quickly getting them on their way home with their new purchase.

Following its 2014 launch, EchoPark Automotive has rapidly become one of the pre-owned automotive retail industry's most prominent success stories. The Company continues to expand its EchoPark footprint into new markets and anticipates 90 percent population coverage by 2025, enabling its interim goal of retailing 575,000 vehicles and generating \$14 billion in annual EchoPark revenues by 2025, while driving toward a two million vehicle annual sales opportunity at maturity.
