## **About Hercules Technology Growth Capital, Inc.:**

Hercules Technology Growth Capital, Inc. is a NASDAQ traded specialty finance firm providing customized loans to public and private companies in the technology, clean technology, and life science industries, at all stages of development. Since its founding in 2003, Hercules has committed over \$2.1 billion in flexible financing solutions to over 155 companies, enabling these companies to maximize their equity by leveraging these assets. Hercules' strength comes from its deep understanding of credit and the industries it serves, allowing it to partner with venture capital and private equity companies for a less dilutive source of growth capital helping companies to bridge through their critical stages of growth. Hercules offers a full suite of growth capital products at all levels of the capital structure, ranging from \$500,000 to \$30 million, lines of credit to term loans. The company is headquartered in Palo Alto, CA and has additional offices in Massachusetts and Colorado. Providing capital to publicly-traded or privately-held companies backed by leading venture capital and private equity firms involves a high degree of credit risk and may result in potential losses of capital.
