TXO Partners Declares a First Quarter 2024 Distribution of \$0.65 on Common Units; Files Quarterly Report on Form 10-Q

FORT WORTH, Texas--(BUSINESS WIRE)-- TXO Partners, L.P. (NYSE: TXO) announced today that the Board of Directors of its general partner declared a distribution of \$0.65 per common unit for the quarter ended March 31, 2024. The quarterly distribution will be paid on May 29, 2024, to eligible unitholders of record as of the close of trading on May 20, 2024.

“Our first quarter performance highlights the effectiveness of our unique financial enterprise in the energy sector,” stated Bob R. Simpson, Chairman and CEO. “As a production and distribution company, we manage our cashflow and maintain our vision on the long term. This allows us to announce a distribution of \$0.65 per unit to our shareholders for the period.”

“We have made great strides both financially and operationally as we allocate capital to the parts of our portfolio with the best return attributes,” further commented President of Business Operations and CFO, Brent Clum. “We continue to direct the business with an eye on the volatility in the commodity markets by focusing more of our opportunity and resources towards our oil portfolio. Our \$25 million development budget is designed for relatively flat production in 2024, but we look forward to prudently allocating additional resources as both commodity prices improve and opportunities allow.”
