Tellurian Reports Second Quarter 2020 Results

HOUSTON--(BUSINESS WIRE)-- Tellurian Inc. (Tellurian) (NASDAQ: TELL) continues to build its integrated global natural gas business. Notable Tellurian achievements during the second quarter of 2020 and thereafter included raising \$57.5 million in net proceeds through issuances of common stock. Pro forma cash and cash equivalents as of quarter end would be approximately \$122.9 million after giving effect to financing transactions executed during July.

President and CEO Meg Gentle said, “Tellurian has used the last few months to streamline Driftwood LNG, which is one of the lowest cost projects available globally at approximately \$1,000 per tonne. Driftwood LNG is an integrated project, including production of low-cost gas from the Haynesville shale, which supports a new U.S. LNG pricing mechanism projected to enable equity partners to load LNG at about \$3.50 per mmBtu. Tellurian continues working to secure equity partners from around the globe and looks forward to delivering reliable energy in 2024.”

Financial results

Tellurian ended its second quarter of 2020 with approximately \$88.3 million in cash and cash equivalents and approximately \$33.9 million short-term borrowings. Tellurian’s balance sheet consisted of approximately \$315.9 million in total assets. Pro forma for the financing transactions completed in July, Tellurian would have ended the quarter with approximately \$122.9 million in cash and cash equivalents, approximately \$106.1 million in long-term debt, and approximately \$350.5 million in assets.

Tellurian reported a net loss of approximately \$128.8 million, or \$0.53 per share (basic and diluted), for the three months ended June 30, 2020. Results include a one-time non-cash charge of approximately \$81.1 million for impairment of the book value of our natural gas properties due to the impact of declining commodity prices.
