- **Date:** May 1, 2024
- **Dial-in:** 1-877-407-9208 or 1-201-493-6784 (for international callers)
- **Conference ID:** 13745802
- **Webcast:** [https://investors.bio-techne.com/ir-calendar](https://investors.bio-techne.com/ir-calendar)

A recorded rebroadcast will be available for interested parties unable to participate in the live conference call by dialing 1-844-512-2921 or 1-412-317-6671 (for international callers) and referencing Conference ID 13745802.

The replay will be available from 11:00 a.m. CDT on Wednesday, May 1, 2024, until 11:00 p.m. CDT on Saturday, June 1, 2024.

**Bio-Techne Corporation** (NASDAQ: TECH) is a leading developer and manufacturer of high-quality purified proteins and reagent solutions - notably cytokines and growth factors, antibodies, immunoassays, biologically active small molecule compounds, tissue culture reagents, T-Cell activation and gene editing technologies. Bio-Techne's product portfolio also includes protein analysis solutions, sold under the ProteinSimple brand name, offering researchers efficient and streamlined options for automated Western blot and multiplexed ELISA workflow. These reagent and protein analysis solutions are sold to biomedical researchers as well as clinical research laboratories and constitute the Protein Sciences Segment. Bio-Techne also develops and manufactures diagnostic products including FDA-regulated controls, calibrators, blood gas and clinical chemistry controls and custom assay development on dedicated clinical instruments. Bio-Techne's genomic tools include advanced tissue-based *in situ* hybridization assays (ISH) for research and clinical use, sold under the ACD brand, as well as the Lunaphore branded portfolio of fully automated spatial biology solutions. Its portfolio also includes molecular diagnostic oncology and carrier screening assays. These diagnostic and genomic products comprise Bio-Techne's Diagnostics and Genomics Segment. Bio-Techne products are integral components of scientific investigations into biological processes and molecular diagnostics, revealing the nature, diagnosis, etiology and progression of specific diseases. They aid in drug discovery efforts and provide the means for accurate clinical tests and diagnoses. With thousands of
products in its portfolio, Bio-Techne generated over $1.1 billion in net sales in fiscal 2023 and has approximately 3,100 employees worldwide.
