

AMD FINANCIAL ANALYST DAY 2025

Lisa Su

Chair & Chief Executive Officer

together we advance_

Cautionary Statement

This presentation contains forward-looking statements concerning Advanced Micro Devices, Inc. (AMD) including, but not limited to, the features, functionality, performance, availability, timing and expected benefits of future AMD products, including the "Helios" AI rack-scale platform; AMD Instinct™ MI450 series accelerators; AMD's projected revenue growth and CAGR across its segments; AMD's ability to accelerate Data Center growth; AMD's growing semi-custom design wins; AMD's expected benefits of acquisitions and strategic investments; AMD's strong revenue growth and profit expansion; AMD's Data Center TAM; AMD's focus areas and strategic pillars; the strategic partnership with OpenAI and the deployment of six-gigawatts of AMD Instinct and timing thereof; the strategic partnership with Oracle and the deployment of 50,000 GPUs and the timing thereof; the expected benefits of AMD AI compute strategic partnerships; AMD's ability to expand market leadership and accelerating revenue growth; and AMD's ability to deliver compelling shareholder returns, which are made pursuant to the Safe Harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are commonly identified by words such as "would," "may," "expects," "believes," "plans," "intends," "projects" and other terms with similar meaning. Investors are cautioned that the forward-looking statements in this presentation are based on current beliefs, assumptions and expectations, speak only as of the date of this presentation and involve risks and uncertainties that could cause actual results to differ materially from current expectations. Such statements are subject to certain known and unknown risks and uncertainties, many of which are difficult to predict and generally beyond AMD's control, that could cause actual results and other future events to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. Investors are urged to review in detail the risks and uncertainties in AMD's Securities and Exchange Commission filings, including but not limited to AMD's most recent reports on Forms 10-K and 10-Q.

AMD does not assume, and hereby disclaims, any obligation to update forward-looking statements made in this presentation, except as may be required by law.

Non-GAAP Financial Measures

This presentation contains forward-looking non-GAAP measures concerning AMD's long-term financial model such as non-GAAP operating margin and non-GAAP earnings per share. AMD is providing these financial measures because it believes this non-GAAP presentation makes it easier for investors to compare its operating results for current and historical periods and also because AMD believes it assists investors in comparing AMD's performance across reporting periods on a consistent basis by excluding items that it does not believe are indicative of its core operating performance. The non-GAAP financial measures disclosed in this presentation should be viewed in addition to and not as a substitute for or superior to AMD's reported results prepared in accordance with GAAP and should be read only in conjunction with AMD's Consolidated Financial Statements prepared in accordance with GAAP. For long-term financial model, AMD uses a projected non-GAAP tax rate of 13-15%, which excludes the tax impact of pre-tax non-GAAP adjustments, reflecting currently available information. These forward-looking non-GAAP measures are based on current expectations, assumptions and beliefs that involve numerous risks and uncertainties. Adjustments to arrive at the GAAP financial outlook and long-term financial model typically include stock-based compensation, amortization of acquired intangible assets, income tax provision, and other non-recurring items such as impairment charges and acquisition-related costs. A reconciliation to equivalent GAAP measures is not practicable at this time as the timing and impact of such adjustments are dependent on future events that are typically uncertain or outside of AMD's control. Such events may include unanticipated changes in AMD's GAAP effective tax rate, unanticipated one-time charges related to asset impairments, unanticipated acquisition-related expenses, unanticipated gains, losses, and impairments, and other unanticipated non-recurring items not reflective of ongoing operations. All statements made in this presentation are based on current expectations as of November 11, 2025, and assumptions and beliefs that involve numerous risks and uncertainties. AMD undertakes no intent or obligation to publicly update or revise its forward-looking statements made in this presentation except as may be required by law..

The Path to Market Leadership

Large and Growing
>\$1T TAM

Broadest Product
Portfolio
