AMC Entertainment Holdings, Inc. Provides Additional Financial Disclosure Related to Recent Acquisitions and Announces Timing for First Quarter 2017 Results and Conference Call

LEAWOOD, Kan.--(BUSINESS WIRE)-- AMC Entertainment Holdings, Inc. (NYSE: AMC) ("AMC" or "the Company"), the largest theatrical exhibition company in the U.S., in Europe and in the world, and an industry leader in innovation and operational excellence, announced today that to facilitate greater transparency and clarity it is providing additional financial disclosure primarily related to its three recent acquisitions.

First Quarter 2017 Adjusted EBITDA: As of today, the Company expects its reported adjusted EBITDA to exceed the current FACTSET EBITDA consensus estimate for the first quarter ended March 31, 2017. As has long been the case, the Company believes that adjusted EBITDA is relevant and helpful in understanding the Company's financial performance, but also understands that it is a non-GAAP term as defined in the Company's appropriate public filings.

Earnings and earnings per share are expected to be impacted by the following expenses related to AMC's three recent acquisitions:

Depreciation and Amortization: Depreciation and amortization expense for 2017 is expected to increase compared to 2016 as a result of an increase in depreciable assets related primarily to the Odeon Cinemas Group ("Odeon") and Carmike Cinemas, Inc. ("Carmike") acquisitions, our 2016 capital expenditures and our anticipated increase in 2017 capital expenditures. The increased asset amounts have been calculated after applying the Company's accounting policies and adjusting the results of Carmike and Odeon to reflect the preliminary fair value adjustments to property and equipment under U.S. GAAP. These accounting adjustments resulted in a significant write-up of assets and increases in capital lease and financing lease assets, and subsequently, an expected increase in depreciation and amortization expense for 2017. For the first quarter ended March 31, 2017, depreciation and amortization expense is expected to be between \$125.0 and \$130.0 million dollars.

Interest Expense: Interest expense for 2017 is expected to increase compared to 2016 as a result of the additional borrowings related to the Odeon, Carmike and Nordic acquisitions and related to capital and financing lease obligations acquired in the Odeon and Carmike acquisitions. For the first quarter ended March 31, 2017, interest expense is expected to be between \$62.0 and \$65.0 million dollars.

Merger and Acquisition Expense: Merger and acquisition expense for the first quarter ended March 31, 2017, is expected to increase compared to the first quarter of 2016 primarily as a result of AMC's implementation of the requirements of the final judgment entered in conjunction with the DOJ approval of the Carmike acquisition, and the successful completion of the Nordic Cinema Group Holding AB ("Nordic") acquisition. As previously reported on March 10, 2017, AMC returned 1.8 million NCM common units (valued at \$22.6 million) to National CineMedia, Inc. (NASDAQ: NCMI) ("NCM") in exchange for a waiver of exclusivity by NCM related to the required transfer of theatres from the NCM contract to the Screenvision contract. As previously reported, this expense will be recorded as merger and acquisition expense in the first quarter of 2017. For the first quarter ended March 31, 2017, merger and acquisition expense is expected to be between \$40.0 and \$43.0 million.

Average Shares Outstanding: Average shares outstanding for 2017 is expected to increase compared to 2016 as a result of the equity consideration provided to complete the Odeon and Carmike acquisitions in 2016 and the successful public offering of AMC Class A common stock in February 2017. For the first quarter ended March 31, 2017, average diluted shares outstanding are expected to be between 121.0 and 123.0 million shares.

CEO Comment: "We remain committed to providing appropriate and relevant financial disclosure to our shareholders. We believe that with the complexity and close timing of the three transformative acquisitions we have successfully completed in the last five months, the additional disclosure we are providing today, beyond the pro forma financial information we have already published, will be helpful for investors," said Adam Aron, AMC's Chief Executive Officer and President. "We continue to be excited about the earnings potential for AMC as we have grown to a network of approximately 1,000 theatres and 11,000 screens in 15 countries in the U.S. and Europe. As we deploy our proven growth initiatives across our system, we expect to unlock both near-term and long-term value, as evidenced already by the fact that, as of today we expect to exceed the current FACTSET consensus EBITDA estimate for the first quarter ended March 31, 2017. When appropriate and feasible, we expect to provide additional financial disclosure related to the acquisitions and their contributions for the balance of 2017."

AMC expects to report its results for the first quarter ended March 31, 2017, after the market closes on Monday, May 8, 2017.
