- Total Revenue of \$129.4 million, a year-over-year increase of 27%
- Annualized recurring revenue "ARR" of \$470.9 million, a year-over-year increase of 44%
- Subscription and Services revenue of \$126.6 million, a year-over-year increase of 37%
- GAAP EPS of \$(1.58) and non-GAAP EPS of \$0.06

WALTHAM, Mass.--(BUSINESS WIRE)-- Dynatrace (NYSE: DT), a market-leading software intelligence platform, purpose-built for the enterprise cloud, today released financial results for the second quarter of its fiscal 2020 ended September 30, 2019.

“Dynatrace reported strong second quarter results, highlighted by 37% year-over-year growth in subscription and services revenue, now 98% of our revenue mix,” said John Van Sicken, Chief Executive Officer. “The Dynatrace platform is resonating with customers, evidenced by accelerating logo growth and a solid net expansion rate, which comfortably exceeded 120% for the 6th straight quarter. We are running a well-balanced business, a unique combination of growth and profitability at scale, that we believe provides Dynatrace with an attractive and sustainable business model over the long term.”

Second Quarter Fiscal 2020 and Other Recent Business Highlights

Financial Highlights:

- Total Revenue of \$129.4 million, an increase of 27% compared to \$101.9 million in Q2 2019
- Total ARR of \$470.9 million, an increase of 44% compared to \$326.4 million at the end of Q2 2019
- Subscription and Services revenue of \$126.6 million, an increase of 37% compared to \$92.2 million in Q2 2019, and representing 98% of total revenue
- GAAP Operating loss of \$(154.5) million and Non-GAAP Operating Income of \$29.4 million
- GAAP EPS of \$(1.58) and non-GAAP EPS of \$0.06

Dynatrace® Platform Highlights:

- Ended the quarter with 1,828 Dynatrace customers, a sequential increase of 250 from the end of Q1 2020
- Dynatrace Dollar-Based Net Expansion rate greater than 120% for the sixth consecutive quarter

*** Use of Non-GAAP Financial Measures**

In our earnings press releases, conference calls, slide presentations, and webcasts, we may use or discuss non-GAAP financial measures, as defined by Regulation G. The GAAP financial measure most directly comparable to each non-GAAP financial measure used or discussed, and a reconciliation of the differences between each non-GAAP financial measure and the comparable GAAP financial measure, are included in this press release after the consolidated financial statements. Our earnings press releases containing such non-GAAP reconciliations can be found in the Investors section of our website at <https://ir.dynatrace.com>.

Financial Outlook

Based on information available, as of October 30, 2019, Dynatrace is issuing guidance for the third quarter and full year fiscal 2020 as follows:

Third Quarter of Fiscal Year 2020:

- Total revenue is expected to be in the range of \$137 million to \$138 million
- Non-GAAP operating income is expected to be in the range of \$30 million to \$31 million
- Non-GAAP net income is expected to be in the range of \$18 million to \$19 million
- Non-GAAP net income per diluted share is expected to be in the range of \$0.06 to \$0.07, based on approximately 282 million diluted weighted-average shares

Full Year Fiscal 2020:

- Total revenue is expected to be in the range of \$533 million to \$535 million
- Total ARR is expected to be in the range of \$550 million to \$555 million
- Non-GAAP operating income is expected to be in the range of \$119 million to \$121 million
- Non-GAAP net income is expected to be in the range of \$64 million to \$67 million
- Non-GAAP net income per diluted share is expected to be in the range of \$0.23 to \$0.24, based on approximately 275 million diluted weighted-average shares

Reconciliation of non-GAAP operating income, non-GAAP net income and non-GAAP net income per share guidance to the most directly comparable GAAP measures is not available without unreasonable efforts on a forward-looking basis due to the high variability, complexity and low visibility with respect to the charges excluded from these non-GAAP measures; in particular, the measures and effects of stock-based compensation expense specific to equity compensation awards that are directly impacted by future hiring, turnover and retention needs, as well as unpredictable fluctuations in our stock price. We expect the variability of the above charges to have a significant, and potentially unpredictable, impact on our future GAAP financial results.

These statements are forward-looking and actual results may differ materially. Refer to the section under the heading Forward-Looking Statements below for information on the factors that could cause our actual results to differ materially.

Conference Call and Webcast Information

The company has used, and intends to continue to use, the investor relations portion of its website as a means of disclosing material non-public information and for complying with disclosure obligations under Regulation FD.

Non-GAAP Financial Measures & Key Metrics

In addition to disclosing financial measures prepared in accordance with GAAP, this press release and the accompanying tables contain certain non-GAAP financial measures.

Non-GAAP financial measures do not have any standardized meaning and are therefore unlikely to be comparable to similarly titled measures presented by other companies. Dynatrace considers these non-GAAP financial measures to be important because they provide useful indicators of its performance and liquidity measures. These are key measures used by our management and board of directors to understand and evaluate our core operating performance and trends, to prepare and approve our annual budget and to develop short and long-term operational plans. In addition, investors often use similar measures to evaluate the performance of a company. Non-GAAP financial measures are presented for supplemental informational purposes only for understanding the company's operating performance. The non-GAAP financial measures should not be considered a substitute for financial information presented in accordance with GAAP, and may be different from non-GAAP financial measures presented by other companies. The GAAP financial measure most directly comparable to each non-GAAP financial measure used or discussed, and a reconciliation of the differences between each non-GAAP financial measure and the comparable GAAP financial measure, are included in this press release after the consolidated financial statements.

Adjusted EBITDA is defined as Net Income(loss) adjusted by removing the impact of our capital structure (net interest income or expense from our outstanding debt), asset base (depreciation and amortization), tax consequences, restructuring and other gains and losses, transaction and sponsor related costs, gains and losses on foreign currency and stock-based compensation.

Annual Recurring Revenue "ARR" is defined as the daily revenue of all subscription agreements that are actively generating revenue as of the last day of the reporting period multiplied by 365. We exclude from our calculation of Total ARR any revenues derived from month-to-month agreements and/or product usage overage billings.

Dynatrace Dollar-Based Net Expansion Rate is defined as the Dynatrace® ARR at the end of a reporting period for the cohort of Dynatrace® accounts as of one year prior to the date of calculation, divided by the Dynatrace® ARR one year prior to the date of calculation for that same cohort. This calculation excludes the benefit of Dynatrace® ARR resulting from the conversion of Classic products to the Dynatrace® platform, as well as any upsell generated at the time of conversion.

Dynatrace customers are defined as accounts, as identified by a unique account identifier, that generate at least \$10,000 of Dynatrace® ARR as of the reporting date. In infrequent cases, a single large organization may comprise multiple customer accounts when there are distinct divisions, departments or subsidiaries that operate and make purchasing decisions independently from the parent organization. In cases where multiple customer accounts exist under a single organization, each customer account is counted separately based on a mutually exclusive accounting of ARR.

TTM Adjusted EBITDA/Net Debt Leverage Ratio is defined as our Net Debt divided by our trailing twelve month Adjusted EBITDA. Net Debt is defined as total principal less cash and cash equivalents.

Unlevered Free Cash Flow is defined as net cash provided by (used in) operating activities and adjusted to exclude cash paid for interest (net of tax), non-recurring restructuring and acquisition related costs, along with costs associated with one-time offerings and filings, less

cash used in investing activities for acquisition of property and equipment. However, given our debt obligations, unlevered free cash flow does not represent residual cash flow available for discretionary expenses.

Cautionary Language Concerning Forward-Looking Statements

This press release includes certain “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, including statements regarding management’s expectations of future financial and operational performance and operational expenditures, expected growth, and business outlook, including our financial guidance for the third fiscal quarter and full year 2020, and statements regarding the size of our market and our positioning for capturing a larger share of our market. These forward-looking statements include, but are not limited to, plans, objectives, expectations and intentions and other statements contained in this press release that are not historical facts and statements identified by words such as “expects,” “anticipates,” “intends,” “plans,” “believes,” “seeks,” “estimates” or words of similar meaning. These forward-looking statements reflect our current views about our plans, intentions, expectations, strategies and prospects, which are based on the information currently available to us and on assumptions we have made. Although we believe that our plans, intentions, expectations, strategies and prospects as reflected in or suggested by those forward-looking statements are reasonable, we can give no assurance that the plans, intentions, expectations or strategies will be attained or achieved. Furthermore, actual results may differ materially from those described in the forward-looking statements and will be affected by a variety of risks and factors that are beyond our control including, without limitation, our ability to maintain our subscription revenue growth rates in future periods, our ability to service our substantial level of indebtedness, market adoption of software intelligence solutions for application performance monitoring, digital experience monitoring and infrastructure monitoring, continued spending on and demand for software intelligence solutions, our ability to successfully convert and upsell our customers as they convert from our Classic products to the Dynatrace® platform, our ability to maintain and acquire new customers, our ability to differentiate our platform from competing products and technologies; our ability to successfully recruit and retain highly-qualified personnel; the price volatility of our common stock, and other risks set forth under the caption “Risk Factors” in our Form 10-Q filed on September 5, 2019 and our other SEC filings. We assume no obligation to update any forward-looking statements contained in this document as a result of new information, future events or otherwise.
