"We are proud to welcome the *Viking Sobek* to our award-winning fleet. In our view, these identical sister ships are by far the most elegant vessels on the Nile,"

said Torstein Hagen, Chairman and CEO of Viking. "Egypt has always been a destination of great interest among our guests, and demand for these voyages continues to be strong. With the arrival of the *Viking Sobek*, we look forward to introducing even more curious travelers to the country's rich history and fascinating cultural treasures."

The *Viking Sobek* & Viking's Growing Egypt Fleet

Hosting 82 guests in 41 staterooms, the new *Viking Sobek* is inspired by Viking's award-winning river and ocean ships with the elegant Scandinavian design for which Viking is known. An identical sister ship to the [Viking Osiris](#), the [Viking Aton](#) and the [Viking Hathor](#), the *Viking Sobek* features several aspects familiar to Viking guests, such as a distinctive square bow and an indoor/outdoor Aquavit Terrace. Other ships in the Egypt fleet include the [Viking Ra](#) and the [MS Antares](#). Viking plans to welcome four additional ships in the next two years—the [Viking Amun](#) and the [Viking Thoth](#) in 2025 and the [Viking Sekhmet](#) and the [Viking Ptah](#) in 2026—which would bring Viking's fleet to 10 vessels on the Nile River.

Viking's *Pharaohs & Pyramids* Itinerary

During the 12-day [Pharaohs & Pyramids](#) itinerary, guests begin with a three-night stay at a first-class hotel in Cairo, where they can visit iconic sites such as the Great Pyramids of Giza, the necropolis of Sakkara, the Mosque of Muhammad Ali, or the Grand Egyptian Museum. Guests then fly to Luxor, where they visit the Temples of Luxor and Karnak before boarding a Viking river ship for an eight-day roundtrip cruise on the Nile River, featuring visits to the tomb of Nefertari in the Valley of the Queens and the tomb of Tutankhamen in the Valley of the Kings, and excursions to the Temple of Khnum in Esna, the Dendera Temple complex in Qena, the temples at Abu Simbel and the High Dam in Aswan, and a visit to a colorful Nubian village, where guests can experience a traditional elementary school. Finally, the journey concludes with a flight back to Cairo for a final night in the ancient city.

Highclere Castle, Egypt & Viking

For years Viking has offered a variety of ways for its guests to experience life at Highclere Castle, which is the home of the Earl and Countess of Carnarvon and the historic estate best known as the filming location of *Downton Abbey*. George Herbert, the 8th Earl of Carnarvon, is also the godfather of the *Viking Osiris*. His great-grandfather, the 5th Earl of Carnarvon, was the benefactor and co-explorer of Howard Carter, the world's most famous Egyptologist; together they discovered the tomb of Tutankhamen on November 4, 1922. Among many talents, the 5th Earl was an avid amateur photographer with an artistic eye for composition. His photographs are at Highclere Castle currently, stored in photo albums in The Library, and show the process of discovering and excavating the tomb of Tutankhamen, as well as scenes of daily life in Egypt of the period. With kind permission, the Carnarvons have allowed Viking to share this private collection for guests sailing on board the *Viking Osiris* and her sister ships.

For guests looking to extend their journey in Egypt, Viking also offers Pre and Post Extensions that provide Privileged Access to archives and exhibits. Guests on the five-day [British Collections of Ancient Egypt](#) extension will begin the journey in London, where they will meet their Viking Tour Director, an expert Egyptologist, and experience Privileged Access to two museums: first a private, early morning visit to the Egyptian Collection at the British Museum before it opens to the general public – and then a visit to the home and personal museum of world-renowned architect, Sir John Soane, where the tour will be illuminated by candlelight, a re-enactment of how Soane entertained guests and showcased his exquisite collection of Egyptian antiquities, including a 3,000-year-old Egyptian sarcophagus. Guests will also visit London's Petrie Museum, which houses more than 80,000 artifacts from ancient Egypt and Sudan. In Oxford, guests will visit the Ashmolean Museum, one of the oldest in the world, and home to a varied collection of Egyptian mummies and art—and go behind the scenes at Oxford University's Griffith Institute, where they will enjoy a Privileged Access visit to see Howard Carter's archives, which detail the discovery of Tutankhamen's tomb. Lastly, guests will have further Privileged Access with an exclusive visit to Highclere Castle to view the Earl of Carnarvon's magnificent private collection of Egyptian artifacts, as well as archives and exhibits not normally accessible to the public.
