EVERYWHERE Communications and Global Telesat Communications Partner to Deliver Always Connected Solutions to Enterprise and Government Customers Globally

AVENTURA, FL / ACCESSWIRE / June 4, 2019 /Orbital Tracking Corp. (OTCQB: TRKK) ("Orbital Tracking" or the "Company"), today announced the partnership between its [Global Telesat Communications](#) ("GTC") subsidiary and [EVERYWHERE Communications Inc.](#) ("EVERYWHERE") to deliver fully integrated, always connected solutions to enterprise and government globally. The new partnership enables GTC to offer EVERYWHERE's suite of purpose-built solutions, including the EC-100 Satellite Communicator, companion smartphone app, and EVERYWHERE Hub, to its global customer base.

"We are excited to be partnering with EVERYWHERE, allowing us to bring its innovative range of communications, location and monitoring systems to our customers. EVERYWHERE's technology and proven industry experience makes them a leader in the market and the EC-100, app and Hub fits perfectly into our current product portfolio while expanding our enterprise-level system offerings," said David Phipps, Chief Executive Officer of Orbital Tracking.

EVERYWHERE's solutions enable customers to globally connect through intelligent routing - whether on Wi-Fi, cellular or satellite networks. EVERYWHERE provides a vital communication lifeline to meet duty-of-care obligations and comply with lone-worker safety laws that are being adopted in many countries.

"It is an exciting time for EVERYWHERE, as we are working to fulfill a critical need in the market and we are pleased to be partnering with GTC, an expanding global provider of Mobile Satellite Services, to advance our mission," said Patrick Shay, Founder and CEO of EVERYWHERE. "Our customers require effective solutions for both their people and their assets on a global basis, and with EVERYWHERE, we provide everything from Duty of Care to asset monitoring, using technology that has been proven in the most demanding environments for over 10 years."

EVERYWHERE's fully integrated multi-mode communications solutions use the Iridium® satellite constellation, including the newly launched Iridium NEXT satellites, and cellular networks to provide always-on connectivity globally, including the over 80 percent of the world beyond the reach of cellular.

About Global Telesat Communications Ltd.

Global Telesat Communications Ltd., a subsidiary of [Orbital Tracking Corp.](#) (OTCQB: TRKK), is a supplier of mobile voice and data communications services via satellite.
