XORTX to Present at BIO International Convention 2022

CALGARY, Alberta, June 13, 2022 (GLOBE NEWSWIRE) -- XORTX Therapeutics Inc. ("XORTX" or the "Company") (NASDAQ: XRTX | TSXV: XRTX | Frankfurt: ANU), a late stage clinical pharmaceutical company focused on developing innovative therapies to treat progressive kidney disease, is pleased to announce its participation in the BIO International Convention 2022, being held June 13th through 16th, 2022. Dr. Allen Davidoff, XORTX's CEO, will present an overview on the Company, including the Company's progress to date and planned future regulatory and clinical activities.

Dr. Allen Davidoff, CEO of XORTX stated, "We are pleased that XORTX has been accepted to present at the BIO International Convention 2022. This presentation and accompanying meetings represent an opportunity to continue outreach to pharmaceutical partners, licencing contacts and industry partners. XORTX looks forward to a busy, productive week with more than 30 scheduled meetings."

The three-day biotechnology and pharmaceutical science conference will be held at the San Diego, Convention Center. The presentation by CEO of XORTX, Dr. Allen Davidoff will take place, on Monday, June 13th at 2 pm Theater 1. The presentation will not be available by webcast.

Pharmaceutical or biotechnology partners can schedule one-on-one meetings with Dr. Allen Davidoff and Mr. Amar Keshri, by registering with BIO International and then proceeding through to the **BIO International 2022 1-on-1 meeting platform**.

XORTX continues to build a strong, experienced, capable research and development team to conduct our upcoming registration trial, including the transition of Dr. David MacDonald from Chief Technology Officer to consultant focused on regulatory and clinical operations for the Company.

About XORTX Therapeutics Inc.

XORTX is a pharmaceutical company with two clinically advanced products in development – XRx-008 for Autosomal Dominant Polycystic Kidney Disease (ADPKD), XRx-101 for acute kidney and other acute organ injury associated with Coronavirus / COVID-19 infection and XRx-225 is a pre-clinical stage program for Type 2 Diabetic Nephropathy (T2DN). XORTX is working to advance its clinical development stage products that target aberrant purine metabolism and xanthine oxidase to decrease or inhibit production of uric acid. At XORTX, we are dedicated to developing medications to improve the quality of life and future health of patients. Additional information on XORTX is available at www.xortx.com.
