Evolv Partners With Acrisure Stadium For Seamless Stadium Security

Another Pittsburgh Landmark Turns To Evolv For Its Screening Needs

WALTHAM, Mass.--(BUSINESS WIRE)-- Evolv Technology (NASDAQ: EVLV), the leader in Artificial Intelligence (AI)-based weapons detection security screening, today announced it has been named the Official Fan Screening Provider of Acrisure Stadium, home of the NFL's Pittsburgh Steelers.

Evolv's state-of-the-art Evolv Express® screening solution is located at Acrisure Stadium's busiest gates, screening the vast majority of fans as they enter the venue. Acrisure Stadium hosts concerts and other events as well.

Evolv Express uses powerful sensor technology with AI to provide safer, more accurate threat detection at unprecedented volume and speed. Fans walk through without always stopping or having to open bags. Evolv's technology allows security officials to differentiate between threats and the everyday items people carry in their pockets and bags, which reduces long lines and allows guests to make their way directly into the stadium without invasive security experiences.

"Our fans are amazing, and we needed to make sure we were providing them with the kind of security solution they deserve," said Jimmie Sacco, Vice President of Operations and Stadium Management at Acrisure Stadium. "Evolv not only helps make entry safe and seamless for the best fan base in sports, but from the very start, they have come on site multiple times to monitor, support and make sure everything was running smoothly."

Acrisure Stadium turned to Evolv after officials saw the success of the technology at other venues, as well as in its own city with the [Pittsburgh Cultural Trust](#). Evolv will also be used at PNC Park for the 2023 season.

"As the home of one of the most storied franchises in football, Acrisure Stadium knows what great defense looks like," said John Baier, Evolv's Vice President of Sports. "Evolv brings that defensive mentality from the field to the gates, helping keep fans safe without impacting their enjoyment of the event."

Acrisure Stadium is [the latest sports facility](#) to partner with Evolv to provide a safe fan experience. In addition to PNC Park in Pittsburgh, stadiums using Evolv Technology include [SoFi Stadium](#) in Los Angeles, [Tennessee's Nissan Stadium](#), and [Gillette Stadium](#) in Foxboro, Massachusetts, among others.

About Acrisure Stadium

Acrisure Stadium opened in 2001. It seats more than 68,000 people. In addition to football, Acrisure Stadium hosts concerts when the biggest acts come to town.

About Evolv Technology

Evolv Technology (NASDAQ: EVLV) is transforming human security to make a safer, faster, and better experience for the world's most iconic venues and companies as well as schools, hospitals, and public spaces, using industry leading artificial intelligence (AI)-powered weapons detection and analytics. Its mission is to transform security to create a safer world to work, learn, and play. Evolv has digitally transformed the gateways in places where people gather by enabling seamless integration combined with powerful analytics and insights. Evolv's advanced systems have scanned more than 500 million people, second only to the Department of Homeland Security's Transportation Security Administration (TSA) in the United States. Evolv has been awarded the U.S. Department of Homeland Security (DHS) SAFETY Act Designation as a Qualified Anti-Terrorism Technology (QATT) as well as the Security Industry Association (SIA) New Products and Solutions (NPS) Award in the Law Enforcement/Public Safety/Guarding Systems category. Evolv Technology®, Evolv Express®, Evolv Insights®, and Evolv Cortex AI® are registered trademarks of Evolv Technologies, Inc. in the United States and other jurisdictions. Forward-looking Statements

Certain statements in this press release may constitute "forward-looking" statements and information, within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934, and the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995 that relate to our current expectations and views of future events. In some cases, these forward-looking statements can be identified by words or phrases such as "may," "will," "expect," "anticipate," "aim," "estimate," "intend," "plan," "believe," "potential," "continue," "is/are likely to" or other similar expressions. These forward-looking statements are subject to risks, uncertainties and assumptions, some of which are beyond our control. In addition, these forward-looking statements reflect our current views with respect to future events or our Company's performance and are not a guarantee of future performance. Actual outcomes may differ materially from the information contained in the forward-looking statements as a result of a number of factors, including, without limitation, the risk factors set forth in our Annual Report on Form 10-K for the year ended on December 31, 2021, that was filed with the SEC on March 28, 2022, as may be updated in other filings we make with the SEC, including our Quarterly Report on Form 10-Q for the quarter ended on September 30, 2022 that was filed with the SEC on November 9, 2022. These statements reflect management's current expectations regarding future events and operating performance and speak only as of the date of this press release. You should not put undue reliance on any forward-looking statements. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee that future results, levels of activity, performance and events and circumstances reflected in the forward-looking statements will be achieved or will occur. Except as required by law, we undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise, after the date on which the statements are made or to reflect the occurrence of unanticipated events.
