Capstone to Present at Two Institutional Investor Conferences in New York City on September 9 and 10, 2015

Also Organizing Tour of a Microturbine Installation at a Landmark Hotel in NYC

CHATSWORTH, Calif., Aug. 31, 2015 (GLOBE NEWSWIRE) -- Capstone Turbine Corporation (www.capstoneturbine.com) (Nasdaq:CPST), the world's leading clean technology manufacturer of microturbine energy systems, will present at two investor conferences in New York City on September 9 and 10, 2015. In addition, the company is organizing, in conjunction with its local distributor RSP Systems, a tour of a microturbine installation at a local New York City landmark hotel.

On September 9, 2015 at 10:50 am ET, Darren Jamison, Capstone President and Chief Executive Officer, will present at the Rodman & Renshaw Global Investment Conference, and on September 10, 2015 at 9:40 am ET, he will present at the Drexel Hamilton Telecom, Media and Technology Conference.

Qualified institutional investors interested in scheduling a one-on-one meeting with management during either of the conferences are encouraged to contact the conference sponsors directly.

"As I stated at last Thursday's annual meeting of stockholders, we are increasing our investor and media outreach programs. As we look to redouble our efforts by attending additional investor conferences, conducting installation tours and non-deal roadshows, we have retained a high-caliber investor relations and public relations firm based in New York City. These two leading institutional investor conferences and tours for investors and analysts are examples of some of our outreach activities," said Mr. Jamison. "We are much more than an oil and gas story as CHP and CCHP continue to grow worldwide. We look forward to expanding awareness of our product and company strategy," added Jamison.

About Capstone Turbine Corporation

Capstone Turbine Corporation (www.capstoneturbine.com) (Nasdaq:CPST) is the world's leading producer of low-emission microturbine systems and was the first to market commercially viable microturbine energy products. Capstone Turbine has shipped over 8,500 Capstone Microturbine systems to customers worldwide. These award-winning systems have logged millions of documented runtime operating hours. Capstone Turbine is a member of the U.S. Environmental Protection Agency's Combined Heat and Power Partnership, which is committed to improving the efficiency of the nation's energy

infrastructure and reducing emissions of pollutants and greenhouse gases. A UL-Certified ISO 9001:2008 and ISO 14001:2004 certified company, Capstone is headquartered in the Los Angeles area with sales and/or service centers in the New York Metro Area, United Kingdom, Mexico City, Shanghai and Singapore.
