Acquisitions and Dispositions

In 2011, WRIT initiated a long-term strategy to focus on acquiring office, medical office, retail and multifamily properties inside the Beltway, near major transportation nodes and in areas with strong employment drivers and superior growth demographics. As part of this strategy, WRIT also initiated the sale of its industrial assets to allow for recycling of capital proceeds into assets consistent with its long-term strategy.

"In this quarter and subsequent to quarter end, we made major strides in repositioning our portfolio by completing the majority of our industrial portfolio sale and reinvesting a large portion of the proceeds into better located and faster growing office and retail assets. Our pace of reinvestment has been slower than we expected - which has had an impact on our quarterly earnings. Nevertheless, we're exceptionally pleased with the results of our nearly \$770 million of acquisition and disposition transactions this year which resulted in a significant upgrade in the quality of our portfolio. The improvement in the quality of our revenue stream from these acquisitions will help buffer the impact of a still challenging business environment in Washington, D.C. and nationwide, due to uncertainties with federal spending and a weak economic recovery," said George F. "Skip" McKenzie, President and Chief Executive Officer of WRIT.

In the third quarter of 2011, WRIT acquired three assets totaling 767,000 square feet and \$233 million: Olney Village Center, Braddock Metro Center and John Marshall II.

- WRIT acquired Olney Village Center, a 199,000 square foot grocery-anchored shopping center in Olney, Maryland for \$58.0 million. The property is located in the heart of Olney near the main intersection of Georgia Avenue (Route 97) and Sandy Spring Road (Route 108). It is anchored by Shoppers Food Warehouse and is 98.7% leased to 32 tenants, including national retailers T.J. Maxx, HomeGoods, and SunTrust Bank. The center was built in 1979 and underwent a major renovation in 2003. WRIT assumed a \$22.6 million mortgage, bearing interest at 6.37% per annum and maturing in 2023, and funded the remaining balance of \$35.4 million using available cash and its line of credit. WRIT expects to achieve a first year unleveraged yield of 6.7% on a cash basis.
- WRIT acquired Braddock Metro Center, a 345,000 square foot office campus on the Metro in Alexandria, Virginia, for \$101 million. The campus consists of four office buildings and a two-level underground parking garage and is located in the northwest quadrant of Old Town Alexandria, immediately adjacent to the Braddock Road Metro Station (Yellow and Blue lines), one stop from Reagan National Airport. The properties were built in 1985 and are 92% leased to 13 office tenants including associations and government contractors. WRIT funded the acquisition with cash proceeds from its recent sale transactions of the industrial portfolio. WRIT expects to achieve a first year unleveraged yield of 6.9% on a cash basis.
- WRIT acquired John Marshall II, a nine story, 223,000 square foot office building situated at the Tysons Central 7 Metro Station in Tysons Corner, Virginia, for \$73.5 million. The property is 100% leased to Booz Allen Hamilton Inc. through January 2016 and serves as its worldwide headquarters. It was built in 1996 and renovated in 2010 and is located at 8283 Greensboro Drive. The Tysons Central 7 Metro Station is one of four metro stations currently under construction that will serve Tysons Corner upon the Dulles Corridor Metrorail's anticipated completion in 2013. WRIT assumed a \$54.1 million mortgage bearing interest at 5.79% per annum and maturing in 2016. WRIT funded the remaining balance of \$19.4 million using proceeds from the recent sales of its industrial assets and its line of credit and expects to achieve a first year unleveraged yield of 6.7% on a cash basis.

In the third quarter as well as subsequent to quarter end, WRIT completed four separate sale transactions involving an aggregate of approximately 2.6 million square feet of its industrial portfolio along with two office assets. The aggregate sales proceeds for the four transactions were \$280.3 million. The first sale transaction included 8880 Gorman Road, Alban Business Center, Dulles South IV, Fullerton Business Center, and Hampton Overlook. The second transaction included Northern Virginia Industrial Park I and Pickett Industrial Park. The third transaction included 270 Technology Park, 8900 Telegraph Road, 9950 Business Parkway, Albemarle Point, Fullerton Industrial Center, Hampton South, and Sully Square, as well as the Albemarle Point and Crescent office buildings. The fourth transaction included Northern Virginia Industrial Park II. The buyers are affiliates of a joint venture between AREA Property Partners (AREA) and the Adler Group (Adler).

WRIT's remaining two industrial properties, 6100 Columbia Park Road and Dulles Business Park, are under one additional sale contract with AREA/Adler which is projected to close on or about November 1, 2011 for approximately \$69.7 million. The aggregate sales proceeds for the entire industrial portfolio are \$350 million.

Certain statements in our earnings release and on our conference call are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements involve known and unknown risks, uncertainties, and other factors that may cause actual results to differ materially. Such risks, uncertainties and other factors include, but are not limited to, the potential for federal government budget reductions, changes in general and local economic and real estate market conditions, the timing and pricing of lease transactions, the effect of the current credit and financial market conditions, the availability and cost of capital, fluctuations in interest rates, tenants' financial conditions, levels of competition, the effect of government regulation, the impact of newly adopted accounting principles, and other risks and uncertainties detailed from time to time in our filings with the SEC, including our 2010 Form 10-K and second quarter 2011 Form 10-Q. We assume no obligation to update or supplement forward-looking statements that become untrue because of subsequent events.

(1) Funds From Operations ("FFO") - The National Association of Real Estate Investment Trusts, Inc. ("NAREIT") defines FFO (April, 2002 White Paper) as net income (computed in accordance with generally accepted accounting principles ("GAAP")) excluding gains (or losses) associated with sales of property plus real estate depreciation and amortization. FFO is a non-GAAP measure and does not replace net income as a measure of performance or net cash provided by operating activities as a measure of liquidity. We consider FFO to be a standard supplemental measure for equity real estate investment trusts ("REITs") because it facilitates an understanding of the operating performance of our properties without giving effect to real estate depreciation and amortization, which historically assumes that the value of real estate assets diminishes predictably over time. Since real estate values have instead historically risen or fallen with market conditions, we believe that FFO more accurately provides investors an indication of our ability to incur and service debt, make capital expenditures and fund other needs.

Core Funds From Operations ("Core FFO") is calculated by adjusting FFO for the following items (which we believe are not indicative of the performance of WRIT's operating portfolio and affect the comparative measurement of WRIT's operating performance over time): (1)

gains or losses on extinguishment of debt, (2) costs related to the acquisition of properties and (3) real estate impairments, as appropriate. These items can vary greatly from period to period, depending upon the volume of our acquisition activity and debt retirements, among other factors. We believe that by excluding these items, Core FFO serves as a useful, supplementary measure of WRIT's ability to incur and service debt and to distribute dividends to its shareholders. Core FFO is a non-GAAP and non-standardized measure, and may be calculated differently by other REITs.

(2) Net Operating Income ("NOI"), defined as real estate rental revenue less real estate expenses, is a non-GAAP measure. NOI is calculated as net income, less non-real estate revenue and the results of discontinued operations (including the gain on sale, if any), plus interest expense, depreciation and amortization and general and administrative expenses. We provide NOI as a supplement to net income calculated in accordance with GAAP. As such, it should not be considered an alternative to net income as an indication of our operating performance. It is the primary performance measure we use to assess the results of our operations at the property level.

(3) For purposes of evaluating comparative operating performance, we categorize our properties as "same-store" or "non-same-store". A same-store property is one that was owned for the entirety of the periods being evaluated. A non-same-store property is one that was acquired or placed into service during either of the periods being evaluated.

(4) Funds Available for Distribution ("FAD") is a non-GAAP measure. It is calculated by subtracting from FFO (1) recurring expenditures, tenant improvements and leasing costs that are capitalized and amortized and are necessary to maintain our properties and revenue stream and (2) straight-line rents, then adding (3) non-real estate depreciation and amortization, (4) real estate impairments, (5) amortization of restricted share and unit compensation, and adding or subtracting amortization of lease intangibles, as appropriate. We consider FAD to be a measure of a REIT's ability to incur and service debt and to distribute dividends to its shareholders. FAD is a non-standardized measure and may be calculated differently by other REITs.
