The replay can also be viewed through the webcast link above and the presentation utilized during the call will be available in the company's investor relations section [here](#).

## About HeartBeam, Inc.

HeartBeam, Inc. (NASDAQ: BEAT) is a medical technology company dedicated to transforming cardiac care by providing powerful cardiac insights wherever the patient is. The Company is creating the first ever cable-free 12-lead ECG capable of capturing the heart's electrical signals from three dimensions. This platform technology is designed to be used in portable devices that can be used wherever the patient is to deliver actionable heart intelligence. Physicians will be able to identify cardiac health trends and acute conditions and direct patients to the appropriate care – all outside of a medical facility, thus redefining the future of cardiac health management. The Company holds 13 US and 4 international issued patents related to technology enablement.
