HeartBeam to Attend JP Morgan 2025 Annual Healthcare Conference

- *HeartBeam system was recently cleared by US Food and Drug Administration (FDA) for comprehensive arrhythmia assessment*
- *The Company is gearing up for an Early Access Program to gain initial commercialization learnings*

SANTA CLARA, Calif.--(BUSINESS WIRE)-- [HeartBeam, Inc.](#) (NASDAQ: BEAT), a medical technology company focused on transforming cardiac care by providing powerful cardiac insights, today announced that it will attend the JP Morgan 2025 Annual Healthcare Conference taking place January 13-16, 2025 at the Westin St. Francis Hotel in San Francisco, CA.

HeartBeam Chief Executive Officer, Robert Eno, and Chief Financial Officer, Timothy Cruickshank, will be available January 13-15 for off-site meetings with investors and potential commercialization and co-development partners to discuss the Company's recently announced [US Food and Drug Administration \(FDA\) 510\(k\) clearance of the HeartBeam system](#) for comprehensive arrhythmia assessment. With its patented design, the HeartBeam device is the first-of-its-kind to receive FDA clearance. As a high-fidelity electrocardiogram (ECG) system with a credit card-sized form factor and cable-free design, it captures heart signals from three distinct directions for actionable heart health information.

HeartBeam's proprietary technology has the potential to unlock valuable diagnostic and predictive insights. The ease of collecting higher-fidelity ECG signals will enable patients to gather a series of recordings over time. The Company aims to leverage AI to analyze this rich set of data, delivering a longitudinal view of a patient's cardiac health and predicting cardiac conditions before symptoms appear. HeartBeam believes its groundbreaking technology presents a transformative opportunity to bring about a paradigm shift in cardiovascular care for millions of patients globally.

To schedule an off-site one-on-one meeting with HeartBeam management during the event, please contact MZ Group at BEAT@mzgroup.us.

About HeartBeam, Inc.

HeartBeam, Inc. (NASDAQ: BEAT) is a medical technology company dedicated to transforming the detection and monitoring of critical cardiac conditions. The Company is creating the first ever cable-free synthesized 12-lead ECG capable of capturing the heart's electrical signals from three distinct directions. This platform technology is designed for portable devices that can be used wherever the patient is to deliver actionable heart intelligence. Physicians will be able to identify cardiac health trends and acute conditions and direct patients to the appropriate care – all outside of a medical facility, thus redefining the future of cardiac health management. The Company holds 13 US and 4 international issued patents related to technology enablement. For additional information, visit

[HeartBeam.com](https://www.heartbeam.com).

About the HeartBeam System

The HeartBeam System is a portable non-invasive recorder intended to record, store, and transfer a patient's 3-Lead (in three-directions) electrocardiogram (ECG) acquired from 5 electrodes. The device is intended to be used by adult patients in either a clinical setting or at home. The device does not conduct cardiac analysis and can be used with an ECG Viewer software system for manual interpretation of non-life-threatening arrhythmias by a physician or healthcare professional. For full safety information, see the full [Instructions for Use](#) or [Clinician Portal Manual](#).

Forward-Looking Statements

All statements in this release that are not based on historical fact are "forward-looking statements." While management has based any forward-looking statements included in this release on its current expectations, the information on which such expectations were based may change. Forward-looking statements involve inherent risks and uncertainties which could cause actual results to differ materially from those in the forward-looking statements, as a result of various factors including those risks and uncertainties described in the Risk Factors and in Management's Discussion and Analysis of Financial Condition and Results of Operations sections of our Forms 10-K, 10-Q and other reports filed with the SEC and available at www.sec.gov. We urge you to consider those risks and uncertainties in evaluating our forward-looking statements. We caution readers not to place undue reliance upon any such forward-looking statements, which speak only as of the date made. Except as otherwise required by the federal securities laws, we disclaim any obligation or undertaking to publicly release any updates or revisions to any forward-looking statement contained herein (or elsewhere) to reflect any change in our expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.
