In response to the COVID-19 pandemic, the Coronavirus Aid, Relief and Economic Security Act (the “CARES Act”) was adopted, which included authorization for the U.S. Small Business Administration (the “SBA”) to introduce a new program, entitled the “Paycheck Protection Program,” which provides loans for eligible businesses through the SBA’s 7(a) loan guaranty program. These loans are fully guaranteed and available for loan forgiveness of up to the full principal amount so long as certain employee and compensation levels of the business are maintained and the proceeds of the loan are used as required under the program. The Paycheck Protection Program (“PPP”) and loan forgiveness provide economic relief to small businesses nationwide adversely impacted under the COVID-19 pandemic.
