Forward-Looking Statements

Hanmi Financial Corporation (the “Company”) cautions investors that any statements contained herein that are not historical facts are forward-looking statements within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995, including, but not limited to, those statements regarding operating and financial performance, financial position and liquidity, business strategies, regulatory, economic and competitive outlook, investment and expenditure plans, capital and financing needs and availability, litigation, plans and objectives, merger or sale activity, financial condition and results of operations, and all other forecasts and statements of expectation or assumption underlying any of the foregoing. These statements involve known and unknown risks and uncertainties that are difficult to predict. Investors should not rely on any forward-looking statement and should consider risks, such as changes in governmental policy, legislation and regulations, economic uncertainty and changes in economic conditions, inflation, the effect of the imposition of tariffs, fluctuations in interest rate and credit risk, competitive pressures, our ability to access cost-effective funding, the ability to enter into new markets successfully and capitalize on growth opportunities, balance sheet management, liquidity and sources of funding, the size and composition of our deposit portfolio, and including the percentage of uninsured deposits in the portfolio, increased assessments by the Federal Deposit Insurance Corporation, risk and effect of natural disasters, a failure in or breach of our operational or security systems or infrastructure, including cyberattacks, the adequacy of and changes in the methodology of calculating our allowance for credit losses, and other operational factors.

Forward-looking statements are based upon the good faith beliefs and expectations of management as of this date only and are further subject to additional risks and uncertainties, including, but not limited to, the risk factors set forth in our earnings release dated January 28, 2025, including the section titled “Forward Looking Statements” and the Company’s most recent Form 10-K, 10-Q and other filings with the Securities and Exchange Commission. The Company disclaims any obligation to update or revise the forward-looking statements herein.

Non-GAAP Financial Information

This presentation contains financial information determined by methods other than in accordance with accounting principles generally accepted in the United States of America (“GAAP”). These non-GAAP measures include tangible common equity to tangible assets, and tangible common equity per share. Management uses these “non-GAAP” measures in its analysis of the Company’s performance. Management believes these non-GAAP financial measures allow for better comparability of period to period operating performance. Additionally, the Company believes this information is utilized by regulators and market analysts to evaluate a company’s financial condition and therefore, such information is useful to investors. These disclosures should not be viewed as a substitute for operating results determined in accordance with GAAP, nor are they necessarily comparable to non-GAAP performance measures that may be presented by other companies. A reconciliation of the non-GAAP measures used in this presentation to the most directly comparable GAAP measures is provided in the Appendix to this presentation.

Capital Management

Prudent capital management while driving shareholder return through stable quarterly dividends and share repurchase program. Tangible book value per share (TBVPS)(1) decreased to $23.88 at the end of the fourth quarter. The decrease was due to a $14.6 million increase in unrealized after-tax losses on securities available for sale and a $1.0 million increase in unrealized after-tax losses on cash flow hedges, all due to changes in interest rates during the fourth quarter of 2024.

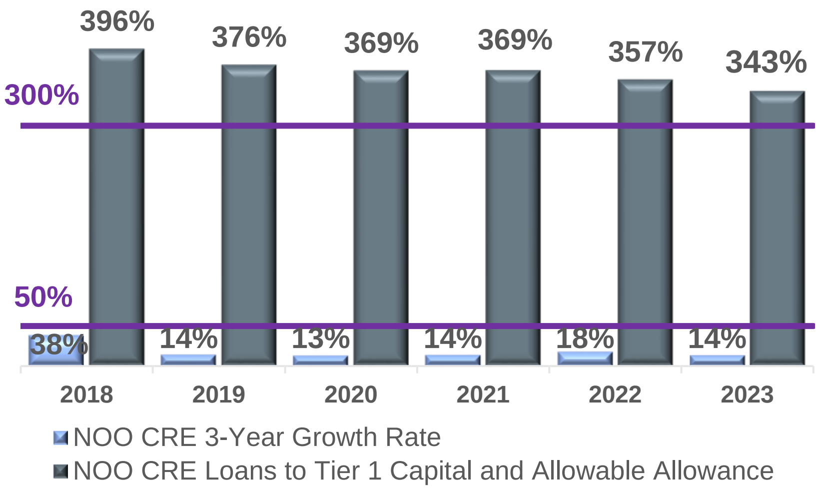
Appendix

Risk Management

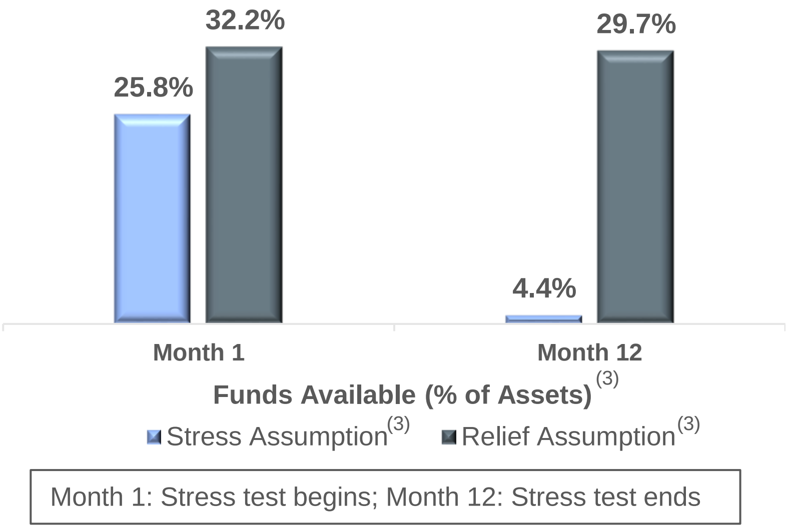
CRE Concentration

Hanmi has not exceeded the supervisory criteria to be considered to have CRE concentration risk under regulatory guidance[(1)]; however, Hanmi's risk management practices address the six elements of regulatory guidance[(2)]



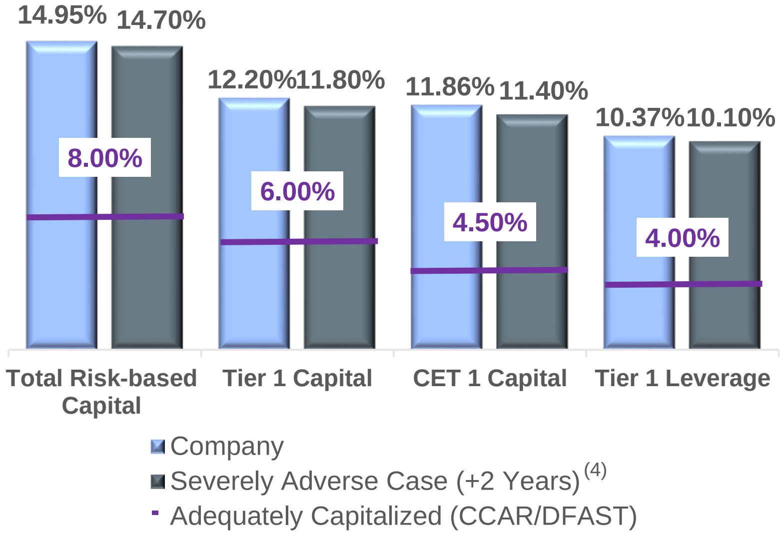
Liquidity Stress Test

Hanmi's risk management practices include comprehensive contingency funding plans intended to plan for funding needs in scenarios of liquidity shortfall. Management performs the test quarterly. The recent stress test indicates that the Bank could withstand a severe stress[(3)] scenario and remain above policy minimums



Capital Stress Test

Hanmi is not required to perform a capital stress test; however, Hanmi's risk management practices include an annual capital stress test for the Company and the Bank using applicable CCAR assumptions[(4)]



(1) Source: FDIC Financial Institution Letters (FIL-64-2023), as of December 18, 2023; also total ADC (Acquisition, Development, and Construction) loans are well below 100% of Bank's total capital for all periods presented

(2) Six elements of regulatory guidance – (1) maintain strong capital levels, (2) ensure that credit loss allowances are appropriate, (3) manage construction and development (C&D) and CRE loan portfolios closely, (4) maintain updated financial and analytical information, (5) bolster the loan workout infrastructure, (6) maintain adequate liquidity and diverse funding sources

(3) Liquidity stress test based on deposits at March 31, 2024. Severe stress scenario makes the following stress assumptions: (a) 25% deposit outflow over 12 months, (b) Bank unable to replace wholesale deposits, and (c) federal fund lines cut off, and the following relief assumptions: (a) loan-and-securities based FHLB capacity adjusted down for increased haircut, and (b) Bank's assets (loans) are sold to abate the liquidity crisis. Under "Stress Assumption", funds available represent cash, securities, and borrowing capacity from FHLB. Under "Relief Assumption", funds available represent funds under "Stress Assumption" and cash proceeds from loans sale

(4) Capital ratios at December 31, 2023 for the Company. 2024 CCAR makes the following assumptions: (a) trough real GDP growth declining by 11.6%, (b) peak unemployment rate reaching 10.0%, (c) housing prices declining by 36.0%, and (d) CRE valuations declining by 40.0%
