Elme Communities Declares Initial Special Liquidating Distribution

BETHESDA, Md., Nov. 25, 2025 (GLOBE NEWSWIRE) -- Elme Communities ("Elme" or the "Company") (NYSE: ELME) today announced that its Board of Trustees has approved a special liquidating distribution of \$14.67 per share (the "Special Dividend"). The Special Dividend will be paid on January 7, 2026 to shareholders of record at the close of business on December 22, 2025.

This Special Dividend represents the Company's initial special liquidating distribution following the previously announced completion of Elme's 19-property portfolio sale on November 12, 2025, and takes into account, among other things, net proceeds from a new term loan also entered into on November 12, 2025, repayment of all of the Company's other indebtedness, payment of costs and expenses related to the transactions, and establishments of escrows and reserves in connection with the new term loan. The Special Dividend is being made in accordance with the Company's voluntary Plan of Sale and Liquidation previously approved by its shareholders.

NYSE Due Bills

Because the payment of the Special Dividend represents more than 25% of the price of the Company's common shares, the New York Stock Exchange ("NYSE") has advised the Company that its common shares will trade with "due bills" representing an assignment of the right to receive the Special Dividend from the record date of December 22, 2025 through the closing of trading on the NYSE on January 7, 2026, which is the payment date and the last day of trading before the January 8, 2026 ex-dividend date (this period of time from December 22, 2025 to January 7, 2026 representing the "Dividend Right Period"). Due bills obligate a seller of common shares to deliver the Special Dividend payable on such common shares to the buyer (the "Dividend Right").

This means that persons who purchase Elme's common shares during the Dividend Right Period are entitled to receive the Special Dividend, and persons who sell Elme's common shares during the Dividend Right Period are not entitled to the Special Dividend. Accordingly, if an investor wishes to receive the Special Dividend, the investor will need to hold their Elme common shares through and including the payment date of January 7, 2026. The record date of December 22, 2025 will be used as the date for establishing the due bill tracking of the Dividend Right to the holder of common shares.

Due bill obligations are customarily settled between the brokers representing the buyers and the sellers of shares. The Company has no obligation for either the amount of the due bill or the processing of the due bill. Buyers and sellers of the Company's common shares should consult their brokers before trading to be sure they understand the effect of NYSE's due bill procedures.

U.S. Federal Income Tax Consequences

Information regarding the expected U.S. federal income tax consequences of the Special Dividend, any additional liquidating distributions, as well as the Plan of Sale and Liquidation of the Company, are summarized in the Definitive Proxy filed on September 24, 2025. However, the tax treatment described may vary depending on each shareholder's particular situation.
