MicroVision to Participate in the Ladenburg Thalmann 2018 Technology Expo on May 31

REDMOND, Wash., May 16, 2018 (GLOBE NEWSWIRE) -- MicroVision, Inc. (NASDAQ:MVIS), a leader in innovative ultra-miniature projection display and sensing technology, today announced that the company will participate in the Ladenburg Thalmann 2018 Technology Expo on May 31 in New York City.

Perry Mulligan, Chief Executive Officer of MicroVision and Steve Holt, the company's Chief Financial Officer will be available to provide an update on MicroVision and its current business opportunities, with a group presentation slated for 10:30 a.m. Eastern Time, and in one-on-one meetings throughout the day. Anyone wishing to schedule a meeting is encouraged to contact their Ladenburg Thalmann representative or call Ted Moreau, of Darrow Associates, for more information.

Webcast information for the company's May 31 presentation at 10:30 a.m. Eastern Time is available on the Investor Events Calendar page of MicroVision's website at <http://phx.corporate-ir.net/phoenix.zhtml?c=114723&p=irol-calendar>.

About MicroVision

MicroVision is the creator of PicoP® scanning technology, an ultra-miniature laser projection and sensing solution for mobile consumer electronics, automotive head-up displays and other applications. MicroVision's patented technology is a single platform that can enable projected displays, image capture and interaction for a wide array of future-ready products in this rapidly evolving, always-on world. Extensive research has led MicroVision to become an independently recognized leader in the development of intellectual property. MicroVision's IP portfolio has been recognized by the Patent Board as a top 50 IP portfolio among global industrial companies and has been included in the Ocean Tomo 300 Patent Index. The company is based in Redmond, Wash.

Forward-Looking Statements

Certain statements contained in this release, including those relating to future product and product applications are forward-looking statements that involve risks and uncertainties. Factors that could cause actual results to differ materially from those projected in the

company's forward-looking statements include the following: our ability to raise additional capital when needed; products incorporating our PicoP display technology may not achieve market acceptance, commercial partners may not perform under agreements as anticipated, we may be unsuccessful in identifying parties interested in paying any amounts or amounts we deem desirable for the purchase or license of IP assets, our or our customers' failure to perform under open purchase orders; our financial and technical resources relative to those of our competitors; our ability to keep up with rapid technological change; government regulation of our technologies; our ability to enforce our intellectual property rights and protect our proprietary technologies; the ability to obtain additional contract awards; the timing of commercial product launches and delays in product development; the ability to achieve key technical milestones in key products; dependence on third parties to develop, manufacture, sell and market our products; potential product liability claims; and other risk factors identified from time to time in the company's SEC reports, including the company's Annual Report on Form 10-K filed with the SEC. Except as expressly required by federal securities laws, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changes in circumstances or any other reason.
