1. Description of Business

Boardwalktech Software Corp. (“Boardwalk” or the “Company”) was originally incorporated pursuant to the Business Corporations Act of Alberta. The Company operates from locations in the United States and India and provides enterprise software-as-a-service (“SaaS”) to global customers. Boardwalk is a publicly traded company whose shares are listed on the TSX Venture Exchange under the symbol BWLK and on the OTCQB under the symbol BWLKF. The address of the Company’s corporate and registered office is 10050 N Wolfe Road, Cupertino, CA, 95014 USA.

Boardwalktech designs and licenses industry-leading enterprise software solutions based upon its unique patented digital ledger technology. The Company has over 40 employees and full-time contractors at its Cupertino, California headquarters and its wholly owned subsidiary in Mumbai, India. Through its extensive data management/database technology expertise, Boardwalktech was first to market in 2005 with a proprietary and patented positional, cell data management technology (aka “digital ledger”) - what we call “transaction chaining”- which addresses the digital transformation issues companies face when working with multiple parties and exchanging information in real-time. The Company’s solutions resolve two enterprise business problems: (1) connecting multiple users in the enterprise value chain to improve planning and results, and (2) the alignment of data from various/multiple enterprise systems of record used in planning and information exchange processes. Boardwalk’s unique technology allows multiple users secure simultaneous access to the same data in a relational database environment which supports concurrent access to record objects while being edited. Another key enterprise problem that is solved with Boardwalk’s technology is the chaining of transactions in a database to support provenance and immutable versioning and change management/change history. Concurrent with the Company’s initial go-to-market activities, a patent was filed to protect the IP associated with versioned sharing, consolidating, and reporting enterprise information. Also, in 2014 the Company applied for a patent to protect the IP associated with cell-based data management and this patent was issued in September 2018 which coincides with an existing patent issued July 2005 for managing time-based data at the cell or atomic unit level. Boardwalk’s revenue comes primarily from new and recurring license subscription agreements, maintenance, and service contracts. Boardwalk’s customers include over 20 companies in the Global 1000 / Fortune 500.

Going Concern

These unaudited condensed interim consolidated financial statements have been prepared on a going concern basis, which implies the Company will continue to realize its assets and discharge its liabilities in the normal course of business. During the nine months ended December 31, 2025, the Company generated a loss of \$1,905,076 and reported \$90,447 of cash flows used by operating activities. As of December 31, 2025, the Company had an accumulated deficit of \$57,215,633 and a working capital deficit of \$4,923,737. These conditions indicate the existence of material uncertainty which may cast significant doubt on the Corporation’s ability to continue as a going concern. The Company’s ability to continue as a going concern is dependent upon its ability to achieve and maintain profitable operations and to generate funds therefrom and to continue to raise equity or debt financing sufficient to meet current and future obligations.

Management has been proactive in seeking sources of funding to continue to advance operations. There can be no assurance that such financing will be available on a timely basis under terms acceptable to the Company.

If the going concern assumption is not appropriate, adjustments may be necessary to the carrying amounts and the classification of the Corporation’s assets and liabilities. The accompanying unaudited condensed interim consolidated financial statements do not include any adjustments that may result if the Corporation is unable to continue as a going concern, and such adjustments could be material.

2. Basis of Presentation

Statement of compliance

These unaudited condensed interim consolidated financial statements have been prepared in accordance with IFRS® Accounting Standards (“IFRS”), as issued by the International Accounting Standards Board (“IASB”) in effect at April 1, 2025 and adhere to the guidance of International Accounting Standard 34 – Interim Financial Reporting. Certain information and disclosures included in the March 31, 2025 audited consolidated financial statements, prepared in accordance with IFRS, have been condensed or omitted. The Company has consistently applied the same accounting policies throughout all periods presented. These unaudited condensed interim consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended March 31, 2025.

These unaudited condensed interim consolidated financial statements were authorized for issue in accordance with a resolution of the Board of Directors on February 26, 2026.

The functional currency of Boardwalk is the Canadian dollar (“CAD”), the functional currency of Boardwalktech is the United States dollar (“USD”) and the functional currency of BWSPL is the Indian Rupee (“INR”). The presentation currency of the Company is the USD.

3. Trade and Other Receivables

The Company’s trade and other receivables are exposed to the risk of financial loss if the counterparty fails to meet its contractual obligations. Trade and other receivables credit exposure is minimized by entering into transactions with creditworthy counterparties and monitoring the age and balances outstanding on an ongoing basis. Most of the Company’s credit exposures are with counterparties in the consulting and technology industries and are subject to normal industry credit risk. Payment terms with customers are 30 days from invoice date.

The Company’s maximum exposure to credit risk at December 31, 2025 is in respect of \$443,654 (March 31, 2025 – \$600,073) of trade and other receivables. The Company’s trade and other receivables consist of:

	December 31 2025	March 31 2025
Trade receivables for professional services	32,049	155,880
Receivables from contracts with customers	374,835	444,193
Share subscription receivable (Note 12(a)) collected in January 2026	36,770	–
	443,654	600,073

As of December 31, 2025, four customers accounted for 90% of trade and other receivables (March 31, 2025 – four customers; 70%), each with balances greater than 10%.

The Company’s trade and other receivables are aged as follows:

	December 31 2025	March 31 2025
Current 0 to 30 days	307,884	586,993
Past due 31 to 89 days	24,000	–
Past due for greater than 90 days	111,770	13,080
	443,654	600,073

As at December 31, 2025, the Company evaluated the collectability of trade and other receivables and lifetime expected credit losses and recognized \$15,000 (March 31, 2025 – \$15,000) provision for expected credit losses. The assessment of expected credit losses due to doubts of collectability resulted in no change to the allowance for credit losses.

4. Right-Of-Use Assets

The Company has recognized right-of-use (“ROU”) assets and corresponding lease liabilities (Note 8) related to office premises. The ROU assets are depreciated on a straight-line basis over the term of the related lease.

	United States	India	Total
Carrying amount, March 31, 2025	453,790	38,067	491,857

Accrued liabilities (United States)	35,593	91,095
	1,219,052	912,985

6. Credit Facility

On March 28, 2024, the Company secured a three-year \$4 million credit facility with Celtic Bank, for which the available amount is based 60% of trailing 12-month annual recurring revenue. The credit facility matures on March 27, 2027, at which time the principal amount plus any unpaid interest is due in full and requires interest-only payments during the initial three-year term at an interest rate based on The Wall Street Journal Prime rate (December 31, 2025 – 6.75%; March 31, 2025 – 7.5%) plus 4%. In connection with the credit facility, the Company paid \$187,441 of fees which have been net against the credit proceeds and will be amortized over the term of the credit facility.

Principal amount outstanding	2,746,407
Unamortized credit facility fees	(124,390)
Balance, March 31, 2025	2,622,017
Advances	1,574,014
Repayments	(1,713,700)
Amortization of credit facility fees	47,117
Balance, December 31, 2025	2,529,448

The credit facility agreement contains a liquidity covenant requiring the Company maintain “gross working capital” of at least \$500,000 at all times, measured quarterly. Gross working capital, for the purposes of the financial covenant, is defined as the sum of (1) cash on hand plus (2) the borrowing base less the outstanding principal balance of the loan. The financial covenant was not met as of December 31, 2025.

During the nine months ended December 31, 2025, the Company recognized \$229,611 (nine months ended December 31, 2024 – \$221,218) of interest expense on the credit facility of which \$197,115 (nine months ended December 31, 2024 – \$196,556) was paid.

On January 22, 2026, the Company and Celtic agreed to the following amendments to the credit facility:

- A decrease in the liquidity covenant from \$500,000 to \$100,000 from January 31, 2026 to May 31, 2026;
- An over advance up to \$250,000 above the borrowing base until May 31, 2026. And
- A back-end payment of \$100,000 due upon maturity of the loan

7. Deferred Revenue

16. Financial Risk Management

The Company's activities expose it to a variety of financial risks. The primary financial risks to the Company during the nine months ended December 31, 2025 are:

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company generally relies on funds generated from operations, acquisitions and/or equity financing to provide sufficient liquidity to meet budgeted operating requirements.

As of December 31, 2025, maturities of the Company's financial liabilities are as follows:

	Carrying amount	Contractual cash flows	Within 1 year	2 years
Accounts payable and accrued liabilities (Note 5)	1,219,052	1,219,052	1,219,052	–
Credit facility (Note 6)	2,529,448	2,606,720	–	2,606,720
Lease liability (Note 8)	359,673	378,478	378,478	–
Deferred compensation (Note 11)	745,887	745,887	745,887	–
	<u>4,854,060</u>	<u>4,950,137</u>	<u>2,343,417</u>	<u>2,606,720</u>

The Company has current assets of \$713,736 to satisfy its financial liabilities to satisfy liabilities as they come due. See Note 1.

Interest rate risk

The Company is not exposed to interest rate risk as there are no investments of excess cash in short-term money market investments at variable rates of interest. The credit facility (Note 6) bears interest based on the prime rate plus 4%. A 1% increase/decrease in the prime rate of interest would increase/decrease interest expense and net loss for the nine months ended December 31, 2025 by approximately \$19,230.

17. Capital Management

The Company's objectives when managing capital are to:

- Deploy capital to provide an appropriate return on investment to its shareholders;
- Maintain financial flexibility in order to preserve the Company's ability to meet financial obligations; and
- Maintain a capital structure that provides financial flexibility to execute on strategic opportunities.

The Company's strategy is formulated to maintain a flexible capital structure consistent with the objectives as stated above and to respond to changes in economic conditions and the risk characteristics of the underlying assets. The Board of Directors does not establish quantitative return on capital criteria for management but rather promotes year-over-year sustainable profitable growth. The Company is subject to a financial covenant in respect of the credit facility (Note 6) whereby the Company must maintain "gross working capital" of at least \$500,000 at all times, measured quarterly. There are no other externally imposed capital requirements.

The Company's capital structure consists of shareholders' equity (deficit) and working capital surplus (deficit). In order to maintain or alter the capital structure, the Company may adjust capital spending, obtain credit facilities, raise new debt and issue share capital.

	December 31 2025	March 31 2025
Deficit attributed to shareholders of Boardwalktech Software Corp.	(4,606,722)	(3,321,645)
Working capital deficit	(4,923,737)	(3,592,721)

18. Subsequent Event

In January 2026, the Company and Celtic Bank agreed to temporary amendments to the credit facility as described in note 6.
