\* Includes our own estimate of unreported activity.

\*\* Sum of quarterly shipments do not equal total Calendar Year 2006 due to rounding.

\*\*\* We perform periodic audits of the royalties payable by our licensees. As a result of our audit process, we determined during the fourth quarter of fiscal 2007 that total CDMA-based handset unit shipments and average selling prices (ASPs) should be adjusted for certain periods. The adjustments related only to handset shipments and ASPs and did not impact the amount or timing of our revenue.

Note: Actual shipments by licensees occur in September to June quarters, reported to Qualcomm in December to September quarters.
