NOTE 1 - GENERAL

A. CollPlant Holdings Ltd. is a biotechnology company focused on regenerative medicine. The Company operates through CollPlant Ltd., a wholly-owned subsidiary focused on research, development, manufacture and marketing of medical products for tissue repair (CollPlant Holdings Limited and CollPlant Ltd. will be referred to hereinafter as "the Company" or "CollPlant", respectively). The Company's products are based on recombinant human collagen produced from genetically-modified tobacco plants, and the Company focuses on orthopedics, 3D printing of tissues and organs and advanced wound healing.

Two of the company's products received CE approval during 2016, allowing them to be marketed in Europe, and the Company began its commercialization.

B. In accordance with Regulation 4 of the Regulations for Periodic and Immediate Reports, the Company has not attached separate financial information to its consolidated financial statements in accordance with Regulation 38(D) of the Securities Regulations (Periodic and Immediate Reports), 1970. The Company did not include separate financial information due to the negligible effect that the separate financial statements have on the consolidated financial statements and since the separate financial statement does not add material information to the consolidated statements. For this purpose, the Company reviewed, among other things, the comparison of the separate financial information with the consolidated financial statements and the information provided in the consolidated financial statements. The information that was reviewed included the following items and their percentage of the consolidated financial statements:

	March 31, 2017 NIS thousands	Percentage of consolidated financial statements
Cash and cash equivalents	1,077	24%
Assets, with the exception of cash and cash equivalents	3,900	39%
Current liabilities	(1,300)	27%
	Three months ended March 31, 2017	Percentage of consolidated
	NIS thousands	financial statements
Operating expenses	288	5%

C. As at March 31, 2017, the Company generated insignificant amounts of income and up to the reporting date, it has accumulated losses of NIS 163 million. The Company plans to continue research and development, manufacture and marketing in the coming year, supported by funding sources such as the Company's cash balances and government grants. Management believes that these funding sources allow the Company's operations to continue at least until the course of the third quarter of 2017. The Company's plans for 2017 include focusing on orthopedics, including the development of soft and hard tissue repair and advanced wound healing, joint development with international companies of 3D biological ink for the printing of organs and tissues using various printing technologies and advanced wound healing.

Notes to the Condensed Financial Statements March 31, 2017 (Unaudited)

NOTE 1 – GENERAL (CONTD.)

The Company is taking steps to raise additional financing sources to allow the continuation of operations beyond this period. These sources include raising funds from private and/or institutional and/or strategic investors in Israel and overseas or from the public. It is uncertain whether the Company will be able to raise additional funds as aforesaid.

These factors raise substantial doubt regarding the Company's ability to continue as a going concern. The financial statements do not include adjustments for assets and liabilities and their classification which may be required if the Company is unable to continue as a going concern.

NOTE 2 - BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

A. General

The Company's condensed consolidated financial information as at March 31, 2017 ("the Interim Financial Information") is prepared in accordance with IAS 34 - Interim Financial Reporting ("IAS 34") and includes additional disclosure in accordance with Chapter D of the Securities Regulations (Periodic and Immediate Reports), 1970. The Interim Financial Information does not include all the information and disclosures required for annual financial statements. The Interim Financial Information should be reviewed together with the annual financial statements for 2016 and their accompanying notes, which were prepared in conformity with International Financial Reporting Standards, the standards and interpretations issued by the International Accounting Standards Board ("IFRS"), and include the additional disclosure required in accordance with the Securities Regulations (Annual Financial Statements), 2010.

B. Estimates

Preparation of interim financial statements requires the Company's management to exercise judgment and requires the use of accounting estimates and assumptions that affect the application of the Company's accounting policies and the amounts of the reported assets, liabilities, income and expenses. Actual results may differ from these estimates.

When preparing these interim financial statements, significant judgments used by the management when applying the Company's accounting policies and the uncertainty in the principal assumptions underlying the estimates were similar to those in the Company's annual financial statements for the year ended December 31, 2016.

NOTE 3 - SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and calculation methods applied when preparing the Interim Financial Information are consistent with those used when preparing the Company's annual financial statements for 2016.

New standards that are not yet effective and which the Group did not choose to adopt ahead of their effective date are described in the Company's annual financial statements for 2016.
