# **Cemtrex Announces Johns Hopkins University as Latest SmartDesk Customer**

Long Island City, NY, Feb. 19, 2019 (GLOBE NEWSWIRE) -- - Cemtrex Inc. (Nasdaq: CETX, CETXP, CETXW), a leading global technology company, today announced that Johns Hopkins University is Cemtrex's latest SmartDesk Enterprise Client to evaluate the product for widescale use on its campus.

Johns Hopkins University is one the world's most renowned universities and one of the largest employers in the greater Baltimore area, employing over 25,000 employees locally. The University is first exploring use of SmartDesks within their massive Applied Physics Laboratory, a leading laboratory that advises major government agencies like NASA on technology.

"Johns Hopkins represents another major client for the SmartDesk," said Saagar Govil, CEO and Chairman of Cemtrex, Inc. "The advantages of the SmartDesk in educational environments has drawn attention from several major universities nationwide, and we anticipate that many more will join Johns Hopkins in replacing their traditional workstations with cutting-edge SmartDesks, which could result in hundreds of units per university."

The SmartDesk Enterprise Sales Program allows large organizations like Johns Hopkins University to evaluate the SmartDesk for their internal use cases before purchasing on a larger scale. Organizations typically spend one to two months exploring the SmartDesk and evaluating its best uses within their work environments before making larger purchasing decisions.

The Company has received demand for SmartDesks from customers in a variety of different industries and for planned uses in different applications. The Company continues to receive orders for use in financial companies, logistics companies, call centers, innovation labs, universities, engineering firms, advertising firms, software developers, and many more.

Cemtrex's SmartDesk is poised to be the most advanced workstation on the market. A blend of futuristic hardware and groundbreaking productivity software, the SmartDesk delivers an efficient user experience in a luxurious package. With a 72-inch, high resolution multi-touch display, integrated proprietary touch and touchless gestures as well as the ability to draw and scan documents directly on the desk, wireless connectivity for full access to the cloud, and next-generation wireless charging capabilities for mobile devices, the SmartDesk is the next step in the evolution of the modern workplace.
