# UiPath Reports Second Quarter Fiscal 2026 Financial Results

Revenue of \$362 million increases 14 percent year-over-year

ARR of \$1.723 billion increases 11 percent year-over-year

Cash flow from operations reaches \$42 million and non-GAAP adjusted free cash flow reaches \$45 million

NEW YORK--(BUSINESS WIRE)-- UiPath, Inc. (NYSE: PATH), a global leader in [agentic automation](#), today announced financial results for its second quarter fiscal 2026 ended July 31, 2025.

“We delivered a strong second quarter with ARR growing 11% year-over-year to \$1.723 billion, reflecting the team’s improved execution and the growing momentum of our agentic capabilities,” said Daniel Dines, UiPath Founder and Chief Executive Officer. “Our continued innovation and best-in-class products are enabling customers across industries to move beyond pilots into production deployments, orchestrating agents, robots, and humans to achieve real outcomes. Customers consistently tell us that automation and agentic AI are stronger together, and with orchestration, they’re delivering real value today while positioning UiPath to lead the next era of enterprise transformation.”

## Second Quarter Fiscal 2026 Financial Highlights

- **Revenue** of \$362 million increased 14 percent year-over-year.
- **ARR** of \$1.723 billion as of July 31, 2025 increased 11 percent year-over-year.
- **Net new ARR** of \$31 million.
- **Dollar based net retention rate** of 108 percent.
- **GAAP gross margin** was 82 percent.
- **Non-GAAP gross margin** was 84 percent.
- **GAAP operating loss** was \$(20) million.
- **Non-GAAP operating income** was \$62 million.
- **Net cash flow from operations** was \$42 million.
- **Non-GAAP adjusted free cash flow** was \$45 million.
- **Cash, cash equivalents, and marketable securities** were \$1.52 billion as of July 31, 2025.

“Our second quarter results reflect strong execution across the business, exceeding the high end of our guidance across all key financial metrics,” said Ashim Gupta, UiPath Chief Operating Officer and Chief Financial Officer. “The momentum we’re seeing from customers and partners around our agentic automation platform, combined with our continued focus on operational efficiency, positions us well as we enter the second half of the year.”

## Financial Outlook

For the third quarter fiscal 2026, UiPath expects:

- Revenue in the range of \$390 million to \$395 million
- ARR in the range of \$1.771 billion to \$1.776 billion as of October 31, 2025
- Non-GAAP operating income of approximately \$70 million

For the full year fiscal 2026, UiPath expects:

- Revenue in the range of \$1.571 billion to \$1.576 billion
- ARR in the range of \$1.834 billion to \$1.839 billion as of January 31, 2026
- Non-GAAP operating income of approximately \$340 million

Reconciliation of non-GAAP operating income guidance to the most directly comparable GAAP measure is not available without unreasonable efforts on a forward-looking basis due to the high variability, complexity, and low visibility with respect to the charges excluded from this non-GAAP measure; in particular, the effects of stock-based compensation expense specific to equity compensation awards that are directly impacted by unpredictable fluctuations in our stock price. We expect the variability of the above charges to have a significant, and potentially unpredictable, impact on our future GAAP financial results.

## Recent Business Highlights

- **UiPath Collaborated with Deloitte, Redefining ERP Modernization with Agentic Automation Migration to SAP S/4HANA:** UiPath continues to advance its strategic digital transformation initiative. Collaborating with Deloitte, a global leader in SAP business transformation, UiPath successfully went live with SAP S/4HANA, a cloud-based ERP solution offering, achieving 93% clean core in solution design and 88% clean core across the overall implementation. The implementation advances UiPath's goals to modernize ERP as a part of its ongoing journey towards operational excellence.
- **Appointed Michael Atalla as Chief Marketing Officer:** Atalla will oversee all facets of the company's global marketing strategy, playing a central role in elevating UiPath's leadership in agentic AI and orchestration. With more than 20 years of experience, including marketing leadership roles with F5 and Microsoft, Atalla will play a pivotal role in helping UiPath elevate customer outcomes and define the future of agentic automation, where high-impact solutions transform complex business processes and deliver improved outcomes.
- **UiPath Recognized as a Leader in the 2025 Gartner® Magic Quadrant™ for Robotic Process Automation:** UiPath was positioned by Gartner, Inc. as a Leader in the 2025 Gartner® Magic Quadrant™ for Robotic Process Automation (RPA) research report. For the seventh year in a row, UiPath was named a Leader in the report and recognized the highest for Ability to Execute.
- **Announced Partnership with HCLTech to Accelerate Agentic Automation for Global Enterprises:** UiPath announced a strategic partnership with HCLTech, a provider of services and capabilities centered around digital, engineering, cloud and AI,

to accelerate agentic automation for UiPath customers globally across industries. The partnership will drive large-scale transformation for UiPath customers, enabling more intelligent and self-sufficient operations that require minimal human intervention.

### **Conference Call and Webcast**

UiPath will host a conference call today, Thursday, September 4, 2025, at 5:00 p.m. Eastern Time, to discuss the Company's second quarter fiscal 2026 financial results and its guidance for the third quarter and full year fiscal 2026. To access this call, dial 1-201-689-8057 (domestic) or 1-877-407-8309 (international). The passcode is 13754760. A live webcast of this conference call will be available on the "Investor Relations" page of UiPath's website (<https://ir.uipath.com>), and a replay will also be archived on the website for one year.

### **About UiPath**

UiPath (NYSE: PATH) is a global leader in agentic automation, empowering enterprises to harness the full potential of AI agents to autonomously execute and optimize complex business processes. The UiPath Platform™ uniquely combines controlled agency, developer flexibility, and seamless integration to help organizations scale agentic automation safely and confidently. Committed to security, governance, and interoperability, UiPath supports enterprises as they transition into a future where automation delivers on the full potential of AI to transform industries. For more information, visit [www.uipath.com](http://www.uipath.com).

### **Forward-Looking Statements**

Statements we make in this press release may include statements which are not historical facts and are considered forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995, which are usually identified by the use of words such as "anticipates," "believes," "estimates," "expects," "intends," "may," "plans," "possible," "projects," "outlook," "seeks," "should," "will," and variations of such words or similar expressions, including the negatives of these words or similar expressions.

We intend these forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and are making this statement for purposes of complying with those safe harbor provisions.

These forward-looking statements include, but are not limited to, statements regarding: our financial guidance for the third fiscal quarter 2026 and the full fiscal year 2026; our ability to drive and accelerate future growth and operational efficiency and grow our platform, product offerings, and market opportunity; our business strategy; plans and objectives of management for future operations; the estimated addressable market opportunity for our platform and the growth of the enterprise automation market; the success of our platform and new releases including the incorporation of AI; the success of our collaborations with third parties; our customers' behaviors and potential automation spend; and details of UiPath's stock repurchase program. Forward-looking statements involve known and unknown risks, uncertainties, and other factors that may cause our actual results, performance, or achievements to be materially different from any future results, performance, or achievements expressed or implied by the forward-looking statements. These risks include, but are not limited to, risks and uncertainties related to: our expectations regarding our revenue, annualized renewal run-rate (ARR), expenses, and other operating results; our ability to effectively manage our growth and achieve or sustain profitability; our ability to acquire new customers and successfully retain existing customers; the ability of the UiPath Platform™ to satisfy and adapt to customer demands and our ability to increase its adoption; our ability to grow our platform and release new functionality in a timely manner; future investments in our business, our anticipated capital expenditures, and our estimates regarding our capital requirements; the costs and success of our marketing efforts and our ability to evolve and enhance our brand; our growth strategies; the estimated addressable market opportunity for our platform and for automation in general; our reliance on key personnel and our ability to attract, integrate, and retain highly-qualified personnel and execute management transitions; our ability to obtain, maintain, and enforce our intellectual property rights and any costs associated therewith; the effect of significant events with macroeconomic impacts, including but not limited to military conflicts and other changes in geopolitical relationships and inflationary cost trends, on our business, industry, and the global economy; our reliance on third-party providers of cloud-based infrastructure; our ability to compete effectively with existing competitors and new market entrants, including new, potentially disruptive technologies; the size and growth rates of the markets in which we compete; and the price volatility of our Class A common stock.

Further information on risks that could cause actual results to differ materially from our guidance and other forward-looking statements can be found in our Annual Report on Form 10-K for the fiscal year ended January 31, 2025 filed with the United States Securities and Exchange Commission (SEC) on March 24, 2025, and other filings and reports that we may file from time to time with the SEC. Any forward-looking statements contained in this press release are based on assumptions that we believe to be reasonable as of this date. Except as required by law, we assume no obligation to update these forward-looking statements.

### **Key Performance Metric**

Annualized Renewal Run-rate (ARR) is the key performance metric we use in managing our business because it illustrates our ability to acquire new subscription customers and to

maintain and expand our relationships with existing subscription customers. We define ARR as annualized invoiced amounts per solution SKU from subscription licenses and maintenance and support obligations assuming no increases or reductions in customers' subscriptions. ARR does not include the costs we may incur to obtain such subscription licenses or provide such maintenance and support. ARR also does not reflect nonrecurring rebates payable to partners (upon establishing sufficient history of their nonrecurring nature), the impact of nonrecurring incentives (such as one-time discounts provided under sales promotional programs), and any actual or anticipated reductions in invoiced value due to contract non-renewals or service cancellations other than for certain reserves (for example those for credit losses or disputed amounts). ARR does not include invoiced amounts associated with perpetual licenses or professional services. ARR is not a forecast of future revenue, which is impacted by contract start and end dates and duration. ARR should be viewed independently of revenue and deferred revenue as ARR is an operating metric and is not intended to replace these items.

Dollar-based net retention rate represents the rate of net expansion of our ARR from existing customers over the preceding 12 months. We calculate dollar-based net retention rate as of a period end by starting with ARR from the cohort of all customers as of 12 months prior to such period end (Prior Period ARR). We then calculate the ARR from these same customers as of the current period end (Current Period ARR). Current Period ARR includes any expansion and is net of any contraction or attrition over the preceding 12 months but does not include ARR from new customers in the current period. We then divide total Current Period ARR by total Prior Period ARR to arrive at dollar-based net retention rate. Dollar-based net retention rate may fluctuate based on the customers that qualify to be included in the cohort used for calculation and may not reflect our actual performance.

Investors should not place undue reliance on ARR or dollar-based net retention rate as an indicator of future or expected results. Our presentation of these metrics may differ from similarly titled metrics presented by other companies and therefore comparability may be limited.

## **Non-GAAP Financial Measures**

Non-GAAP financial measures are financial measures that are derived from the consolidated financial statements, but that are not presented in accordance with generally accepted accounting principles in the United States (GAAP). This earnings press release includes financial measures defined as non-GAAP financial measures by the SEC, including non-GAAP cost of licenses, non-GAAP cost of subscription services, non-GAAP cost of professional services and other, non-GAAP gross profit and margin, non-GAAP sales and marketing expenses, non-GAAP research and development expenses, non-GAAP general and administrative expenses, non-GAAP operating income and margin, and non-GAAP net income and non-GAAP net income per share. These non-GAAP financial measures exclude:

- stock-based compensation expense;
- amortization of acquired intangibles;
- employer payroll tax expense related to employee equity transactions;
- restructuring costs;
- charitable donation of Class A common stock;
- change in fair value of contingent consideration; and
- in the case of non-GAAP net income, estimated tax adjustments associated with the

add-back items, as applicable.

Additionally, this earnings release presents non-GAAP adjusted free cash flow, which is calculated by adjusting GAAP operating cash flows for the impact of purchases of property and equipment, cash paid for employer payroll taxes related to employee equity transactions, net payments/receipts of employee tax withholdings on stock option exercises, and cash paid for restructuring costs.

UiPath uses these non-GAAP financial measures internally in analyzing its financial results and believes they are useful to investors, by excluding the effects of items that do not reflect the ordinary earnings of our operations, and as a supplement to GAAP measures. UiPath believes that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating ongoing operating results and trends and in comparing its financial results with other companies in UiPath's industry, many of which present similar non-GAAP financial measures to investors. Investors should consider these non-GAAP financial measures in addition to, and not as a substitute for, our financial performance measures prepared in accordance with GAAP. Further, our non-GAAP information may be different from the non-GAAP information provided by other companies. The information below provides a reconciliation of non-GAAP financial measures used in this earnings press release to the most directly comparable GAAP financial measures. We encourage investors to consider our GAAP results alongside our supplemental non-GAAP measures, and to review the reconciliation between GAAP results and non-GAAP measures that is included at the end of this earnings press release. This earnings press release and any future releases containing such non-GAAP reconciliations can also be found on the Investor Relations page of UiPath's website at <https://ir.uipath.com>.
