## NetSol Announces Share Repurchase Plan

CALABASAS, Calif., July 27, 2010 (GLOBE NEWSWIRE) -- NetSol Technologies, Inc. ("NetSol") (Nasdaq:NTWK) (Nasdaq DUBAI:NTWK), a U.S. corporation providing global business services and enterprise application solutions to private and public sector organizations worldwide, announced today that the Company's board of directors has authorized a share repurchase program for up to 2 million shares of the Company's common stock. The plan went into effect July 27 and is scheduled to be completed within six months.

NetSol's Chairman and CEO, Najeeb Ghauri, stated, "I am pleased to announce the Company's stock buyback plan, which we believe will increase the value of the shares held by our investors. We are very excited and bullish about our global business outlook, as demand for our NFS(TM) platform has surged over the last two quarters and grown our backlog substantially. This is an excellent opportunity for us to initiate this open-market buyback, as we believe that our stock is quite undervalued based on fundamentals and intrinsic value."
